Quality, environment & awards

Menorca

The airport is focused on having the best image possible. Menorca Airport has implemented an **Integrated Quality and Environmental Management System**, certified according to **ISO 9001 and ISO 14001** standards.

Since the end of 2012 the airport is in the European EMAS register, that promotes the improvement of environmental performance.

In 2015 the airport was awarded as the Best small public organization of the year due to infrastructure improvements and the reduction of water and electricity supplies.

The airport was named **Best Airport by Size and Region (under 5 million passenger in Europe)**, at the ASQ (Airport Service Quality) awards given by the Airports Council International (ACI) in 2023.

Menorca airport receives the **ECO-INNOVATION Award** at the **XV ACI Europe Award** in 2019.

Menorca was named **Best Airport by Size and Region (2-5 million passengers in Europe)**, at the ASQ (Airport Service Quality) awards given by the Airports Council International (ACI) in 2019.

The airport got **'The Voice of the customer'** recognition by **ACI World** in 2021.

Menorca airport was **certified by the Spanish Aviation Agency (AESA), according to EU 139/2014 regulation.**

Menorca Airport has **Level 2 certification** under **ACI Europe's Airport Carbon Accreditation Programme** for the measurement of its carbon footprint.

As part of the environmental initiatives that Menorca Airport is implementing, it has acquired new electric vehicles and installed photovoltaic modules. The airport contributes to sustainable mobility with the construction of a bike lane that directly connects the airport with the city.

Yearly **quality surveys** for airlines and passengers are carried out in order to monitor their perception of the airport services.
