

Madrid, 7 June 2021

Pursuant to Article 226 of Royal Legislative Decree 4/2015 of 23 October, approving the Consolidated Text of the Securities Market Act, Aena, S.M.E., S.A. (the “**Company**”), hereby notifies the following

INSIDE INFORMATION

Today, Aena has been notified the order, dated 4 June 2021, of the Court of First Instance number 39 of Madrid, by which it has decided to maintain the precautionary measures adopted last March *inaudita parte* (without granting a hearing to the Company), within the legal proceedings initiated by World Duty Free Group S.A.U. and Sociedad de Distribución Comercial Aeroportuaria de Canarias S.L. (jointly **Dufry**), requesting the amendment of the contracts in force with the Company due to the effects of Covid-19 in Spanish airports.

Among the precautionary measures that the Madrid Court agreed to maintain are the following: (i) the precautionary suspension of the payment of rent of the Duty Free, Duty Pay and Retail contracts insofar as it exceeds the amendment agreement which, according to the plaintiffs, was reached between the Company and Dufry and which the order considers to be precautionary, (ii) the suspension of the execution of the guarantees given to secure the contracts and (iii) the security of 27.47 million euros imposed on Dufry to respond to the damages that its request may cause to Aena.

The Company will appeal before the Provincial Court of Madrid against the judicial decision notified today.

This order to maintain the precautionary measures does not prejudice the merits of the action brought before the same Court of First Instance number 39 of Madrid by Dufry, requesting the amendment of the contracts currently in force between Dufry and the Company. Aena proposed to the plaintiffs, in January 2021, a 56% reduction of the minimum guaranteed rents in the contracts during the year 2020, which was rejected by Dufry.

The Company estimates that the first instance decision on the merits of the case will probably be adopted by the Court of First Instance in the course of 2022.
