

**MODEL SCHEDULE I**

**ANNUAL CORPORATE GOVERNANCE REPORT  
OF LISTED PUBLIC LIMITED COMPANIES**

DETAILS IDENTIFYING THE ISSUER

CLOSING DATE OF THE YEAR OF REFERENCE

Company name: AENA, S.A.

Registered office: C/ ARTURO SORIA 109

**ANNUAL CORPORATE GOVERNANCE REPORT  
OF LISTED PUBLIC LIMITED COMPANIES**

**A OWNERSHIP STRUCTURE**

A.1 Complete the following table regarding the share capital of the company:

Date of last modification	Share Capital (€)	Number of shares	Number of voting rights
11/02/2015	1,500,000,000	150,000,000	150,000,000

Indicate whether there are different classes of shares with different associated rights:

Yes ☐ No ☒

Class	Number of shares	Nominal value per share	Number of voting rights per share	Different rights

A.2 Breakdown of the direct and indirect holders of significant shareholdings in the company at year end, excluding directors:

Name or company name of shareholder	Number of direct voting rights	Indirect voting rights		% of total voting rights
		Direct owner of shareholding	Number of voting rights	
ENAIRE	76,500,000			51
HSBC HOLDINGS PLC	4,916,017			3.277
TALOS CAPITAL LIMITED	4,971,000			3.314
TCI LUXEMBOURG, S.A.R.L.	6,600,000			4.400

Indicate the most significant movements in the shareholding structure that have taken place throughout the financial year:

Name or company name of shareholder	Date of operation	Description of operation
HSBC HOLDINGS, PLC.	13/04/2016	Increase above 3% of share capital

BLACKROCK INC.	13/01/2016	Reduction under 3% of share capital
DEUTSCHE BANK, A.G.	16/06/2016	Reduction under 3% of share capital

A.3 Complete the following tables on the members of the Board of Directors of the company who hold voting rights attached to the company shares:

Name or company name of board	Number of direct voting rights	Indirect voting rights		% of total voting rights
		Direct owner of shareholding	Number of voting rights	
TCI ADVISORY SERVICES LLP	0	TALOS CAPITAL LIMITED & TCI LUXEMBOURG, S.A.R.L.	11,571,000	7.714

% of total voting rights in the hands of the Board of Directors	7.714
---	-------

Complete the following tables on the members of the Board of Directors of the company who hold rights over company shares:

Name or company name of director	Number of direct rights	Indirect rights		Number of equivalent shares	% of total voting rights
		Direct holder	Number of voting rights		

A.4 Indicate, as the case may be, the relationships of a family, commercial, contractual or corporate nature that exist between the holders of significant shareholdings, to the extent that this is known by the company, unless these are of little relevance or arise from the ordinary course of business:

Related name or company name	Type of relationship	Brief description
TCI ADVISORY SERVICES LLP (formerly known as TCI FUND MANAGEMENT LIMITED), TCI LUXEMBOURG, S.A.R.L., and TALOS CAPITAL LIMITED	CONTRACTUAL	TCI ADVISORY SERVICES LLP (formerly known as TCI FUND MANAGEMENT LIMITED) is the management company of TCI LUXEMBOURG, S.A.R.L., and of TALOS CAPITAL LIMITED, owners of significant shareholdings in Aena, S.A. (“Aena” or the “Company”) and as such the CNMV has been

		informed of the allocation to such companies of the voting rights.
--	--	--

A.5 Indicate, as the case may be, the relationships of a commercial, contractual or corporate nature that exist between the owners of significant shareholdings, and the company and/or group, unless these are of little relevance or arise from the ordinary course of business:

Related name or company name	Type of relationship	Brief description
ENAIRE	CORPORATE	Owner of 51% of Aena shares.
	CONTRACTUAL	It is the owner of contracts derived from the Company's ordinary commercial trade and the transfer of the use of the Arturo Soria Building.

A.6 Indicate whether the company has been informed of any shareholders' agreements which might affect it in accordance with what is set forth in articles 530 and 531 of the Capital Companies Act. If any, please provide brief description and list the shareholders affected by the agreement:

Yes ☐ No ☒

Persons involved in shareholders' agreement	% of share capital affected	Brief description of agreement

Indicate whether the company is aware of the existence of concerted actions among its shareholders. If any, please provide brief description:

Yes ☒ No ☐

Persons involved in concerted action	% of share capital affected	Brief description of accord
TCI ADVISORY SERVICES LLP (formerly known as TCI FUND MANAGEMENT LIMITED), TCI LUXEMBOURG, S.A.R.L., and TALOS CAPITAL LIMITED	7.714%	TCI ADVISORY SERVICES LLP (formerly known as TCI FUND MANAGEMENT LIMITED) is the managing company of TCI LUXEMBOURG, S.A.R.L., and of TALOS CAPITAL LIMITED, owners of significant shareholdings in Aena, and as

		such the CNMV is informed of the allocation of voting rights to said companies.
--	--	---

In the event that during the year any modification or breakup of such agreements or accords or concerted action should have taken place, please expressly mention:

A.7 Indicate whether there is any natural or legal person who exercises or may exercise control over the company in accordance with article 5 of the Securities Market Act. If any, please identify:

Yes ☒ No ☐

Name or company name
ENAIRE

Remarks
Owner of 51% of share capital of Aena.

A.8 Complete the following tables on the treasury shares of the company:

**At year end:**

Number of direct shares	Number of indirect shares (*)	% of total share capital

(\*) Via:

Name or company name of the direct owner of the shareholding	Number of direct shares
<b>Total:</b>	

Explain any significant variations, in accordance with what is set forth in Royal Decree 1362/2007, that have taken place over the year:

Explain significant variations

A.9 Provide details of the conditions and term of the current mandate from the

shareholders' meeting to the board of directors to issue, repurchase or transfer shareholder equity.

The General Shareholder's Meeting held on 3 June 2015 authorised the derivative purchase of shares in AENA, S.A. by the Company, or by group companies, in accordance with what is set forth in articles 146 and concordant articles of the Capital Companies Act, meeting the requirements and restrictions set forth in the legislation in force at any given time, all in accordance with the following terms:

- Acquisition modalities: Purchases may be made directly by the Company or indirectly via its group companies, and these may be formalised, once or several times, as a sale, swap or any other lawfully valid legal transaction.
- Maximum number of shares to be purchased: the nominal value of the shares to be purchased added, as the case may be, to those already held, whether directly or indirectly, shall not exceed the maximum percentage that is legally permitted at any given time.
- Maximum and minimum exchange value: The price per share shall be no less than its nominal value and no more than the price listed on the Stock Exchange on the date of acquisition.
- Term of authorisation: This authorisation is granted for a term of five years.

In addition, and for the purposes of what is set forth in the second paragraph of letter a) of article 146.1 of the Capital Companies Act, it is hereby expressly stated that express authorisation is granted for the acquisition of Company shares by any of its subsidiaries, under the same terms as those abovementioned.

The authorisation also includes the purchase of shares which, as the case may be, must be directly delivered to the workers or administrators of the Company or companies in its group, or as a result of the exercise of option rights which they may hold.

A.9 bis Estimated floating capital:

	%
<b>Estimated floating capital</b>	38.01

A.10 Indicate whether there is any restriction on the transferability of securities and/or any restriction on voting rights. In particular, please inform of the existence of any type of restriction which might hinder the acquisition of control over the company by means of the acquisition of its shares in the market.

Yes ☐

No ☒

Description of restrictions

A.11 Indicate whether the General Shareholder's Meeting has agreed to adopt measures of neutralisation against a takeover bid in accordance with what is set forth in Law 6/2007.

Yes ☐

No ☒

If any, please explain the measures approved and the terms under which the restrictions shall be rendered ineffective.

A.12 Indicate whether the company has issued securities that are not traded on a regulated EU market.

Yes ☐

No ☒

If any, please indicate the various classes of shares and, for each class of share, the rights and obligations it carries.

## **B GENERAL SHAREHOLDER'S MEETING**

B.1 Indicate and, as the case may be, provide details, if there are differences between the minimum quorum system set forth in the Capital Companies Act (LSC) and the quorum necessary to hold the General Shareholder's Meeting.

Yes ☐

No ☒

	% of quorum other than that set forth in art. 193 LSC for general situations	% of quorum other than that set forth in art. 194 LSC for special situations of art. 194 LSC
Quorum required at 1st summons		
Quorum required at 2nd summons		

Description of differences

- B.2 Indicate and, as the case may be, explain if there are differences with the system set forth in the Capital Companies Act (LSC) for the adoption of shareholder agreements:

Yes ☐

No ☒

Describe the differences compared to the system set forth in the LSC.

	Enhanced majority other than that established in article 201.2 LSC for the cases considered in 194.1 LSC	Other cases of enhanced majority
% established for the adoption of agreements		
Describe the differences		

- B.3 Indicate the rules applicable to the modification of Company Bylaws. In particular, inform of the majorities required to modify the Company Bylaws, as well as, as the case may be, the rules set forth to protect the rights of the shareholders in the modification of the Company Bylaws.

The modification of the Company Bylaws is regulated in articles 14.(iv), 17.4, 25.5 and 27.2 of the Company Bylaws and 8.(iv), 13.3, 42.2 and 43.3 of the Regulations of the General Shareholder's Meeting. The system contained in these articles replicates that set forth in the Capital Companies Act.

The General Shareholders' Meeting will decide on the matters attributed thereto by the Law, by the Company Bylaws (art. 14) and by the Regulations of the General Shareholder's Meeting (art. 8)

In order to reach a valid agreement on a capital increase or reduction and any other modification of the Company Bylaws, the issue of bonds, the suppression or limitation of the preferential purchase right over new shares, as well as the transformation, merger, spinoff or global assignment of assets and liabilities and the transfer of the address abroad, if the capital present or represented exceeds fifty percent (50%), an adoption of the agreement by simple majority shall suffice. However, the vote in favour of two thirds (2/3) of the capital present or represented at the General Shareholders' Meeting shall be required in the event of attendance at second summons of shareholders representing twenty-five percent (25%) or more of the subscribed capital with voting rights but under fifty percent (50%) (art. 25.5 of the Company Bylaws and art. 43.3 of the Regulations of the General Shareholder's Meeting).

When the General Shareholders' Meeting must discuss the modification of the Company Bylaws, and as well as the information required by law in each case, the meeting summons shall mention the right of all shareholders to examine at the corporate headquarters the full text of the proposed modification and report thereon and to request the delivery or free posting of such documents (art. 17.4 of Company Bylaws and art. 13.3 of the Regulations of the General Shareholder's Meeting).

In addition, each article or group of articles that are not interdependent must be voted on separately (art. 27.2 of Company Bylaws and 42.2 of the Regulations of the General Shareholders' Meeting).

- B.4 Indicate details of attendance to General Shareholder's Meeting held in the year of reference of this report and the previous year:

	Remote data				
Date of General Shareholder’s Meeting	% of physical attendance	% by proxy	% remote votes		Total
			Electronic vote	Other	
28-06-2016	53.48%	19.41 %	0%	0%	72.89%
03-06-2015	51.28%	20.94%	0%	0%	72.22%

- B.5 Indicate whether there are any statutory restrictions which establish a minimum number of shares required to attend the General Shareholder's Meeting:

Yes ☐ No ☒

Number of shares required to attend the general meeting	
---	--

- B.6 Paragraph revoked.

- B.7 Indicate the address and way to access the company website containing the information on corporate governance and other information on General Shareholder's Meetings which must be made available to the shareholders via the Company website.

--	--

<b>Total number of independent directors</b>	<b>6</b>
<b>% of total number of board members</b>	<b>40%</b>

Indicate whether any director classified as independent receives from the company, or from its group, any amount or benefit for anything other than director's remuneration, or maintains or has maintained, during the last year, a business relationship with the company or any company in the group, whether in his own name or as a significant shareholder, director or senior manager of an entity that has maintained or could have maintained such a relationship. If any, please include a reasoned statement from the board on the reason why it considers that this director is able to perform his duties as an independent director.

<b>Name or company name of director</b>	<b>Description of relationship</b>	<b>Reasoned statement</b>

### **OTHER EXTERNAL DIRECTORS**

Other external directors must be identified, giving the reasons why they cannot be considered proprietary or independent and their relationships, whether with the company, its senior executives or its shareholders:

<b>Name or company name of the director</b>	<b>Reasons</b>	<b>Company, senior executive or shareholder with whom he has a relationship</b>

<b>Total number of other external directors</b>	
<b>% of total number of board members</b>	

Indicate the variations which, as the case may be, have taken place throughout the period in the category of each director:

<b>Name or company name of director</b>	<b>Date of the change</b>	<b>Previous status</b>	<b>Current status</b>

C.1.4 Complete the following table with the information regarding the number of

female directors at the close of the last 4 financial years, as well as the category of such female directors:

	Number of female directors				% of total directors in each type			
	Financial year 2016:	Financial year 2015:	Financial year 2014:	Financial year 2013:	Financial year 2016:	Financial year 2015:	Financial year 2014:	Financial year 2013:
<b>Executive</b>	0	0			0%	0%		
<b>Proprietary</b>	3	4			37.5%	50%		
<b>Independent</b>	0	0			0%	0%		
<b>Other external directors</b>								
<b>Total:</b>	3	4			20.00%	26.67%		

C.1.5 Explain the measures which, as the case may be, have been adopted to ensure that the Board of Directors includes a number of women allowing for a balanced presence of men and women.

Explanation of measures
<p>In February 2016, the Director Selection Policy was approved, which shall ensure, amongst others, that gender diversity is promoted on the Board, and indicates that the particular goal for 2020 is for females to account for at least 30% of the total Board of Directors members.</p> <p>In addition, the competencies of the Appointments and Remunerations Committee includes setting a representation target for the least represented sex in the Board of Directors, set guidelines as to how to achieve this target and inform the Board on gender diversity issues.</p> <p>The current percentage of women in the Board of Directors is 20%, which is above the average in Spanish publicly traded companies and close to the 30% target that is promoted in the recommendations of the Code of Good Governance for the year 2020.</p>

C.1.6 Explain the measures which, as the case may be, have been agreed by the appointments committee to ensure that the selection procedures are not affected by implicit biases that prevent the appointment of female directors, and that the company deliberately seeks out and includes among potential candidates women who meet the professional profile sought:

Explanation of measures
<p>The Appointments and Remuneration Committee has been entrusted with the mission of establishing a new representation target for the least represented gender in the Board of Directors, establishing guidelines on how to achieve this target and informing the Board on matters of gender diversity. As we have already mentioned, and four years in advance, the Company is close to meeting the 30% recommended target for female directors by 2020 promoted by the Good Governance Code.</p>

When despite the measures that, as the case may be, have been adopted, the number of female directors is low or nil, please provide reasons to justify this:

Explanation of measures

C.1.6.bis Explain the conclusions reached by the appointments committee on the verification of compliance with the director selection policy. And in particular, how this policy is helping support the target that by 2020, the number of female directors accounts for at least 30% of the total number of members of the Board of Directors.

The Appointments and Remuneration Committee believes that the current percentage of female directors, 20%, is near the 30% goal recommended by 2020. Furthermore, in February 2016 the Director Selection Policy was approved, which shall ensure, amongst others, that gender diversity is promoted on the Board, and indicates that the particular goal for 2020 is for females to account for at least 30% of the total Board of Directors members. If we add to this the fact that the Secretary of the Board is a woman, albeit not a director, the presence of women on the Company's Board of Directors is very close to the threshold mentioned. However, efforts will be made to achieve this objective at the right time, and in any event no later than the recommended date.

C.1.7 Explain the means of representation in the board of shareholders with significant shareholdings.

- The shareholder ENAIRE is represented by the following director: Mr JOSE MARIA ARAÚZO GONZALEZ, Mr JUAN MIGUEL BÁSCONES RAMOS, Mr FRANCISCO JAVIER MARTIN RAMIRO, Mr RODRIGO MADRAZO GARCÍA DE LOMANA, Ms PILAR ARRANZ NOTARIO, Ms TATIANA MARTINEZ RAMOS E IRUELA and Ms PILAR FABREGAT ROMERO.
- The shareholders (i) TALOS CAPITAL LIMITED, and (ii) TCI LUXEMBOURG, S.A.R.L. are represented by TCI ADVISORY SERVICES LLP via their representative Mr CHRISTOPHER ANTHONY HOHN.

C.1.8 Explain, as the case may be, the reasons why proprietary directors have been appointed for shareholders whose shareholding is below 3% of the capital:

Name or company name of shareholder	Justification

Indicate whether formal requests for presence in the board from shareholders with a shareholding equal or above others, who could have been eligible for appointment of proprietary directors, have been dismissed. If this is the case, explain the reasons why

such requests have been ignored:

Yes ☐

No ☒

Name or company name of shareholder	Explanation
-------------------------------------	-------------

C.1.9 Indicate whether any director has terminated his term of office before the end of his mandate, whether this director has explained the reasons why to the board and through what means and, in the event of having done so in writing, please provide at least two of the reasons alleged by the director:

Name of director	Reason for termination
Ms MARIA VICTORIA MARCOS CABERO	Resignation submitted in writing because she severed her professional ties with the Ministry of Public Works.

C.1.10 State, if any, the powers delegated to the Chief Executive Officer/s:

**Name of Chief Executive Officer**

Mr JOSE MANUEL VARGAS GOMEZ

All legally and statutorily delegable powers have been delegated to him.

C.1.11 Identify, as the case may be, the directors who hold office as administrators or senior executives in other companies forming part of the listed company:

Name or company name of director	Name of the Group company	Position	Does he/she have executive functions?
Mr JOSE MANUEL VARGAS GOMEZ	AENA INTERNACIONAL, S.A.	CHAIRMAN OF THE BOARD OF DIRECTORS	NO

C.1.12 Provide details, as the case may be, of the directors of your company who are members of the boards of other companies traded on official securities markets other than your group, which have been reported to the company:

Name or company name of director	Name of listed company	Position
M JUAN IGNACIO ACHA-ORBEA	FLUIDRA	DIRECTOR AND MEMBER OF AUDIT COMMITTEE
Mr JAIME TERCEIRO LOMBA	BANKINTER TECNOCOM	DIRECTOR DIRECTOR

C.1.13 Indicate and, as the case may be, explain, whether the board regulations establish rules on the maximum number of company directors who may be included in the board:

Yes ☒

No ☐

Explanation of the rules
Article 26.3 of the Board Regulations establishes that Directors may not form part of more than three Boards of Management of other companies whose shares are traded on national or foreign stock exchanges.

C.1.14 Paragraph revoked.

C.1.15 Indicate the global remuneration of the Board of Directors:

Remuneration of the Board of Directors (thousands of euros)	285
Amount of rights accumulated by current directors by way of pensions (thousands of euros)	0
Amount of rights accumulated by previous directors by way of pensions (thousands of euros)	0

C.1.16 Identify the senior executives who are also executive directors, and indicate the total remuneration accrued by each during the year:

Name or company name	Position/s
Mr JAVIER MARÍN SAN ANDRÉS	GENERAL MANAGER OF AENA
Mr JOSÉ LEO VIZCAÍNO	CHIEF FINANCIAL OFFICER
Ms BEGOÑA GOSÁLVEZ MAYORDOMO	HEAD OF ORGANISATION AND HUMAN RESOURCES
Mr FÉLIX MADERO VILLAREJO	HEAD OF COMMUNICATION AND INSTITUTIONAL RELATIONS
Mr ROBERTO ANGEL RAMÍREZ GARCÍA	HEAD OF INTERNAL AUDITING
Ms MATILDE GARCÍA DUARTE	HEAD OF LEGAL ADVICE AND EQUITY MANAGEMENT
Mr. FERNANDO ECHEGARAY DEL POZO	HEAD OF AIRPORT NETWORK
Mr RODRIGO MARABINI RUIZ	HEAD OF AENA INTERNACIONAL
Mr JOSÉ MANUEL FERNÁNDEZ BOSCH	HEAD OF COMMERCIAL SERVICES AND REAL ESTATE MANAGEMENT

Total senior management remuneration (in thousands of euros)	1,121
--	-------

C.1.17 Indicate, as the case may be, the identity of the directors who are, at the same time, members of the board of companies belonging to significant shareholders and/or group entities:

Name or company name of director	Company name of significant shareholder	Position

State, as the case may be, the relevant relationships other than those considered in the previous section, of the board members with significant shareholders and/or entities of the group:

Name or company name of related director	Name or company name of the related significant shareholder	Description of relationship
TCI ADVISORY SERVICES LLP	TCI LUXEMBOURG S.A.R.L.	TCI ADVISORY SERVICES LLP is the management company of TCI LUXEMBOURG S.A.R.L.
TCI ADVISORY SERVICES LLP	TALOS CAPITAL LIMITED	TCI ADVISORY SERVICES LLP is the management company of TALOS CAPITAL LIMITED

C.1.18 Indicate whether any modification in the board regulations has taken place during the year:

Yes ☒ No ☐

Description of modifications
<p>On 23 February 2016, the Board of Directors of the Company approved the modification of the Regulations of the Board of Directors, introducing the following novelties:</p> <p>a) Article 6 (Principles of action by the Board of Directors)</p> <p>It has been amended to clarify that the Board of Directors will promote full transparency in the information sent to the markets as an action principle.</p> <p>b) Article 22 (Executive Committee)</p> <p>The reference to meetings every fifteen days has been removed and replaced by a more generic reference to the frequency necessary in the judgment of the Chairman, or whenever requested by three of its members.</p> <p>c) Article 23 (Audit Committee)</p> <p>A reference is added to the effect that, as a whole, the members of the committee need</p>

to have the relevant technical knowledge in relation with the sector of activity to which the entity audited belongs.

The regulation in the bylaws on the term and re-election of the post of Chairman of this Committee was amended in accordance with the provisions of section two of article 529 quaterdecies of the Corporate Enterprises Law.

The article was amended to assign the functions contained in letters b) and g) of Recommendation 53 to the Audit Committee.

In addition, in order to clarify that the competence for reporting on related-party transactions is in the competence of the Audit Committee, as set out in the Corporate Enterprises Law, the possibility that it may fall on another Committee has been deleted from section 10.d).

d) Article 24 (Appointments and Remuneration Committee)

It was amended to assign the functions contained in letters a), c), d), e), f) and h) of Recommendation 53 to the Appointments and Remuneration Committee.

Additionally, in line with the change in the functions of the Audit Committee and to clarify that the function of reporting on related-party transactions is in the competence of that Audit Committee, the old section 7.(r), in which the function overlapped with the Appointments and Remuneration Committee, has been removed.

e) Article 38 (Related-party transactions)

In line with the changes introduced in the functions of the Audit Committee and the Appointments and Remuneration Committee and to clarify that the function of reporting on related-party transactions is in the competence of the Audit Committee, this article was amended in the same sense and with the same purpose.

All these modifications were presented at the General Shareholders' Meeting.

**C.1.19** Indicate the procedures for selection, appointment, re-election, assessment and removal of directors. Mention competent bodies, procedures to be followed and criteria to be applied in each of the procedures.

In its Board of Directors meeting on 23 February 2016, the Company approved a Director Selection Policy.

In addition, the procedures of selection and re-election of directors are regulated in articles 31, 33 and 34 of the Company Bylaws and Articles 9, 10, 11, 12, 13 and 14 of the Board Regulations.

The procedure must be carried out in application of the principle of balanced composition of the Board in terms of classes of Directors as considered in article 8.4 of the Board Regulations.

The Members of the Board of Directors of the Company shall be appointed by the General Shareholders' Meeting or, in the event of an early vacancy, by the Board of Directors itself by co-optation.

Thus, the Board Regulations establish:

Article 9 - Selection of candidates: 1. The Board of Directors shall work towards ensuring that: (a) the selection policy of the directors (i) is specific and verifiable (ii) ensures that the proposals for appointment or re-election are based on a previous analysis of the needs of the Board of Directors; and (iii) supports the diversity of knowledge, experience and gender in the Board of Directors; and (b) the result of the preliminary analysis of the needs of the Board is reflected in the explanatory report of the Appointments Committee to be published at the summons of the General Shareholders' Meeting that must ratify the appointment or re-election of each director. The Board of Directors – and the Appointments and Remuneration Committee within the scope of its powers- shall endeavour to ensure that the proposals for candidates made to the General Shareholders' Meeting for appointment or re-election as Directors, and the appointments made directly to cover vacancies in the exercise of its co-optation powers, are made of honourable and suitable persons of recognised solvency, competence, experience, qualification, training, availability and commitment to their duty. It shall also strive to ensure that the selection of candidates achieves the right balance of the Board of Directors as a whole, which enriches the decision making process and contributes plural perspectives to the discussion of matters of its competence. 3. In the case of a Director that is a legal person, the natural person representing it in the exercise of the duties inherent to the office of Director shall be subject to the same criteria set forth in the previous paragraph. Any incompatibilities that may be applicable and any duties enforceable for Directors as set forth in the Company Bylaws and these Regulations shall be equally applicable to the representative on a personal level.

Article 10 - Appointment: The Directors shall be appointed by the General Shareholder's Meeting by agreement or, in the event of co-optation, by the Board of Directors, with the provisions set forth in the law and in the Company Bylaws. 2. The proposals for appointment and re-election of Directors that the Board of Directors submits to the General Shareholder's Meeting, and the appointment decisions that are adopted by the Board of Directors, by virtue of the powers of co-optation legally attributed thereto, must be preceded by: (i) the pertaining proposal from the Appointments and Remunerations Committee in the case of Independent directors, which must go hand in hand with an explanatory report evaluating the competency, experience and merit of the proposed candidate; or (ii) the Appointments and Remuneration Committee report in the case of other Directors, with assignment of the new Director to one of the categories considered in these Regulations. What is set forth in this paragraph shall also be applicable to natural persons who are designated

representatives of a Director that is a legal person, and the proposal for appointment of this representative must be submitted for the report of the Appointments and Remuneration Committee 3. The proposals and reports from the Appointments and Remuneration Committee must expressly value the honourability, suitability, solvency, competency, experience, qualification, training, availability and commitment to duty of the candidates. 4. When the Board of Directors should choose to act contrary to any of the proposals or reports from the Appointments and Remuneration Committee it shall explain the reasons for its action and record it in a document. 5. The appointment of Directors by co-optation must respect the rules of appointment of Directors set forth in the law, in the Company Bylaws and in these Board of Directors Regulations. In the event of a vacancy arising after the General Shareholder's Meeting, has already been called and prior to it being held, the Board of Directors may designate a Director until the holding of the following General Shareholder's Meeting.

Article 11.- Term of office 1. Directors shall hold their office for a period of four (4) years unless the General Shareholders' Meeting should agree their dismissal or they should resign before the end of this term. 2. Directors may be re-elected once or several times for periods of four (4) years, although in the case of Independent Directors the maximum term of office shall be of twelve (12) years for this category. 3. The vacancies that might arise may be covered by the Board of Directors in accordance with the law, the Company Bylaws and these Regulations, until the following General Shareholders' Meeting is held, which will then either confirm the appointments or elect the persons who must replace the non-ratified Directors, unless elimination of the vacancies should be decided.

Article 12.- Re-election 1. The proposals for re-election of Directors that the Board of Directors should decide to submit to the General Shareholders' Meeting must follow a procedure which will necessarily include a proposal (in the case of Independent Directors) or a report (in the case of remaining Directors) issued by the Appointments and Remuneration Committee, which will evaluate the quality of the work and the dedication to office of the Directors proposed during the previous term of office as well as, and expressly, the honourability, suitability, solvency, competency, availability and commitment to duty thereof. 2. To this end, the Directors who form part of the Appointments and Remuneration Committee shall be evaluated by this Committee, using whatever internal and external means are deemed necessary, and each one shall have to leave the meetings when the deliberations and voting affecting each one take place. The Chairman, the Deputy Chairmen (if any), the Independent Directors especially empowered and, in the event that they are Directors, the Secretary and the Deputy Secretaries (if any) of the Board of Directors that are re-elected as members of the Board of Directors by agreement of the General Shareholder's Meeting shall continue to hold the offices they have held hitherto within the Board of Directors, with no need for a new appointment, and all

notwithstanding the power of revocation in regard to such offices held by the Board of Directors itself.

Article 13.- Resignation, dismissal and termination 1. The Directors shall terminate their term of office when the term for which they were appointed has elapsed or when so decided by the General Shareholder's Meeting exercising the powers attributed thereto. 2. The Board of Directors shall not propose the termination of any Independent Director before the end of the term of appointment, unless there should be just cause for this in the opinion of the Board of Directors, following a report from the Appointments and Remuneration Committee. In particular, a just cause shall be understood to have occurred when the director takes on new offices or undertakes new obligations which prevent him/her from dedicating the necessary time to the performance of the duties inherent to the office of director, should fail to meet the duties inherent to his office or should be subject to circumstances that cause him to lose his condition of independent, in accordance with applicable legislation. This termination may also be proposed as a result of public takeover bids, mergers or any other similar corporate operations that lead to change in the capital structure of the company. 3. Directors must present their resignation to the Board of Directors and formalise said resignation in the following cases: (i) When for unexpected circumstances they should be subject to the situations of incompatibility or prohibition set forth in general provisions, in the Company Bylaws or in these Regulations. (ii) When as a result of actions or conducts attributable to the Director serious damage should have been caused to the assets or reputation of the Company or the Company should be at risk of criminal liability. (iii) When they should lose the honourability, suitability, solvency, competency, availability or commitment to duty necessary to be a Director of the Company. (iv) When their permanence in the Board of Directors might endanger, for any reason, and directly, indirectly or via parties related to him (in accordance with the definition of this term contained in these Regulations), the fair and diligent performance of his duties in accordance with social interest. (v) When the reasons for which he was appointed should no longer exist and, in particular, in the case of Proprietary Directors, when the shareholder they represent has fully or partially sold his shareholding, thus losing the qualification thereof as significant or sufficient to justify the appointment. The number of Proprietary Directors proposed by a shareholder must be reduced in accordance with its reduction of its shareholding in the share capital of the Company. (vi) When an Independent Director should unexpectedly become involved in any of the circumstances he is barred from as set forth in article 8.5 of these Regulations. 4. In any of the cases set forth in the foregoing paragraph, the Board of Directors shall ask the Director to resign from office and, as the case may be, shall propose dismissal thereof at the General Shareholder's Meeting. 5. Exceptionally, the foregoing shall not be of application in the event of resignation considered in paragraphs (v) and (vi) above then the Board of Directors should consider that there are causes to justify the permanence of the Director, following a report

from the Appointments and Remuneration Committee, notwithstanding the incidence that the new circumstances may have on the qualification of the Director. 6. In the case of a natural person representing a legal person that is a Director being involved in any of the abovementioned situations, said person shall be rendered invalid to carry out that representation. 7. In the event of resignation or termination of a Director prior to the end of his term of office, the Director must explain the reasons for this resignation/termination in a letter addressed to all members of the Board of Directors. In any event, the reason for the termination must be included in the annual corporate governance report of the Company.

Article 14.- Deliberation and voting on appointment and termination of Directors. 1. The Directors affected by appointment, re-election or termination proposals shall abstain from intervening in the deliberations and votes that affect them. 2. All votes of the Board of Directors on the appointment, re-election or termination of Directors shall be secret, notwithstanding the right of any Director to disclose the content of his vote.

- C.1.20 Explain to what extent the annual assessment of the board has led to important changes in its internal organisation and of the procedures applicable to its activities:

Description of modifications

As the outcome of the Board's evaluation, the Board of Directors decided to change the order of the agenda items in order to spend more time on the agenda items that require decision and debate; it will begin the Board meetings with the agenda items which require a decision, then go on to the items to be debated, and finally it will share the items which provide the Board with information.

Furthermore, it was agreed that the Board would receive a biannual report on the Corporate Social Responsibility activities performed by the Company.

And finally, it was recommended that work continue to adapt the Company's corporate governance system to the Code of Good Governance of listed companies and make practical improvements on the matter, and that the Board would be apprised of this progress.

- C.1.20.bis Describe the assessment process and the areas assessed by the Board of Directors with the assistance, as the case may be, of an external consultant, in

regard to the diversity of its composition and competencies, its operation and the composition of its committees, the performance of the chairman of the Board of Directors and the chief executive of the company and the performance and contribution of each director.

The Secretary of the Board of Directors developed a self-evaluation questionnaire which was analysed and evaluated by the Appointments and Remuneration Committee, and later approved unanimously by the Board of Directors in April 2016. The goal of this questionnaire is to provide the Board and the committees with the mechanisms they need to evaluate the diversity of the composition of the Board of Directors and its competencies, the operation and composition of the committees, the performance of the Chairman of the Board of Directors and the first executive of the company and the performance and contribution of each director.

In accordance with article 19.8 of the Regulation of the Board of Directors, the evaluation of the different committees begins with the report that they submit to the Board of Directors, and the evaluation of the Board of Directors begins with the report submitted by the Appointments and Remuneration Committee.

With regard to the evaluation of the Board of Directors and the committees, the Chairman of the Board of Directors meets with the Chairmen of the committees and with the remaining directors to inform them of the results of these evaluations.

Regarding the performance of the Chairman of the Board of Directors and first executive of the Company, the Regulation of the Board of Directors stipulates that he cannot be present while debates are conducted on these matters, so he removed himself, and then Director Eduardo Fernández Cuesta, as the Coordinator Director, as appointed by the other directors, reported.

Finally, the Chairman of the Board of Directors once again joined the meeting, and after a lengthy debate the Board of Directors unanimously approved the Reports submitted by the Audit Committee and the Appointments and Remuneration Committee and agreed on a series of points of improvement and an action plan to correct the shortcomings detected.

C.1.20.ter List, as the case may be, the business relations that the consultant or any company of its group maintain with the company or any group company.

Not applicable

C.1.21 Indicate the cases in which directors are obliged to resign.

In addition to the case of incompatibility or prohibition legally established, article 13 of the Board Regulations sets forth:

...3. Directors must present their resignation to the Board of Directors and formalise said resignation in the following cases:

- (i) When for unexpected circumstances they should be subject to the situations of incompatibility or prohibition set forth in general provisions, in the Company Bylaws or in these Regulations.
- (ii) When as a result of actions or conducts attributable to the Director serious damage should have been caused to the assets or reputation of the Company or the Company should be at risk of criminal liability.
- (iii) When they should lose the honourability, suitability, solvency, competency, availability or commitment to duty necessary to be a Director of the Company.
- (iv) When their permanence in the Board of Directors might endanger, for any reason, and directly, indirectly or via parties related to him (in accordance with the definition of this term contained in these Regulations), the fair and diligent performance of his duties in accordance with social interest.
- (v) When the reasons for which he was appointed should no longer exist and, in particular, in the case of Proprietary Directors, when the shareholder they represent has fully or partially sold his shareholding, thus losing the qualification thereof as significant or sufficient to justify the appointment. The number of Proprietary Directors proposed by a shareholder must be reduced in accordance with its reduction of its shareholding in the share capital of the Company.
- (vi) When an Independent Director should unexpectedly become involved in any of the circumstances he is barred from as set forth in article 8.5 of these Regulations.

4. In any of the cases set forth in the foregoing paragraph, the Board of Directors shall ask the Director to resign from office and, as the case may be, shall propose dismissal thereof at the General Shareholder's Meeting.

5. Exceptionally, the foregoing shall not be of application in the event of resignation considered in paragraphs (v) and (vi) above then the Board of Directors should consider that there are causes to justify the permanence of the Director, following a report from the Appointments and Remuneration Committee, notwithstanding the incidence that the new circumstances may have on the qualification of the Director.

6. In the case of a natural person representing a legal person that is a Director being involved in any of the abovementioned situations, said person shall be rendered invalid to carry out that representation.

7. In the event of resignation or termination of a Director prior to the end of his term of office, the Director must explain the reasons for this resignation/termination in a letter addressed to all members of the Board of Directors. In any event, the reason for the termination must be included in the annual corporate governance report of the Company.

C.1.22 Paragraph revoked.

C.1.23 Are enhanced majorities, other than the legal ones, required in any type of decision?

Yes ☐

No X

If any, please describe the differences.

Description of differences

C.1.24 Explain whether there are specific criteria, other than those relating to the directors, to be appointed chairman of the Board of Directors.

Yes X

No

Description of requirements
Article 15.5 of the Regulations on the Board of Directors establishes that the Chairman of the Board of Directors shall be in any event the chief executive.
In addition, article 15.2 of the Board Regulations sets forth that the Chairman shall hold the position of Chief Executive Officer of the Company, whose appointment will require the vote in favour of two thirds of the members of the Board of Directors.

C.1.25 Indicate whether the chairman has a casting vote:

Yes ☐

No X

Matters where a casting vote exists

C.1.26 Indicate whether the Company Bylaws or the board regulations set forth an age limit for directors:

Yes ☐

No X

**Chairman's age limit** ☐

**Chief executive officer's age limit** ☐ **Director's age limit** ☐

C.1.27 Indicate whether the Company Bylaws or the board regulations establish a limited number of terms of office for independent directors, different to that established in the legislation:

**Yes**

**No** X

<b>Maximum number of terms of office</b>	
--	--

C.1.28 Indicate whether the Company Bylaws or the board regulations establish specific rules on proxy voting in the board, the way to do this and, in particular, the maximum number of proxy votes which a director may have, as well as whether there is any limitation in place in terms of the categories for proxy voting, beyond the limits imposed by the legislation. If any, please briefly provide details of such rules.

Article 20.2 of the Board Regulations establishes that when directors exceptionally are unable to personally attend the meetings of the Board of Directors, they shall endeavour to transfer their representation to another member of the Board holding his same status, including giving the most accurate appropriate instructions. External Directors may only delegate their vote to another External Director. Proxy voting must be granted in writing and shall be special for each meeting.

C.1.29 Indicate the number of meetings held by the Board of Directors throughout the year. Additionally mention, as the case may be, the times that the board has met without the attendance of the chairman. Any representations made by specific instructions will be considered in the calculation.

<b>Number of board meetings</b>	<b>11</b>
<b>Number of board meetings without attendance of the chairman</b>	<b>0</b>

If the chairman is the chief executive, please state number of meetings held without the attendance or representation of any executive director and under the chairmanship of the coordinator director

<b>Number of meetings</b>	<b>0</b>
---------------------------	----------

Indicate the number of meetings held throughout the year by the various board committees:

<b>Number of meetings of the executive or delegated committee</b>	<b>1</b>
<b>Number of meetings of the audit committee</b>	<b>10</b>
<b>Number of meetings of the appointments and remuneration committee</b>	<b>7</b>
<b>Number of meetings of the appointments committee</b>	
<b>Number of meetings of the remuneration committee</b>	
<b>Number of meetings of the ____ committee</b>	

C.1.30 Indicate the number of meetings that the Board of Directors has held during the year with the attendance of all its members.. Representations made by specific instruction shall be considered attendances:

<b>Number of meetings with the attendances of all directors</b>	<b>8</b>
<b>% attendance on total votes throughout the year</b>	<b>96.93 %</b>

C.1.31 Indicate whether the individual and consolidated financial statements presented for approval to the board have been previously certified:

**Yes X                      No**

Identify, as the case may be, the person/s who has/have certified the individual and consolidated financial statements for presentation by the board:

<b>Name</b>	<b>Position</b>
Mr JOSE MANUEL VARGAS GOMEZ	CHAIRMAN-CHIEF EXECUTIVE OFFICER
Mr JOSÉ LEO VIZCAÍNO	CHIEF FINANCIAL OFFICER

C.1.32 Explain, if any, the mechanisms established by the Board of Directors to prevent the individual and consolidated financial statements it has prepared from being presented at the General Shareholder's Meeting with qualifications in the audit report.

The Audit Committee, in accordance with article 23.7 of the Regulations of the Board of Directors ensures that the Board of Directors presents the accounts to the General Shareholder's Meeting with no limitations or qualifications in the audit report and that, in the event of existence of qualifications, both the chairman of the audit committee and the auditors clearly explain to the shareholders the content and scope of said limitations or qualifications.

C.1.33 Is the secretary of the board a director?

Yes ☐

No ☒

If the secretary is not a director, please complete the following table:

Name or company name of secretary	Representative
Ms MATILDE GARCIA DUARTE	

C.1.34 Paragraph revoked.

C.1.35 Indicate, if any, the specific mechanisms established by the company to preserve the Independence of the external auditors, of the financial analysis, of the investment banks and of the rating agencies.

In accordance with article 23.9 of the Board Regulations, the Audit Committee is in charge of the following functions:

- (i) Ensuring and preserving the independence of the external auditor in the exercise of its functions and, to that end:
  - Ensuring that the Company communicates to the National Securities Market Commission, as an important event, the change of external auditor and attaches a declaration on the possible existence of disagreements with the outgoing auditor and, if there were such, their content.
  - Ensuring that the Company and the external auditor respect the current rules on the supply of services other than those of auditing, the limits on the concentration of the external auditor's business and, in general, other standards established to ensure the independence of the auditors.
  - In the event of the external auditor's resignation, examining the circumstances causing it.
  - Watching to see that the remuneration to the external auditor for the work does not compromise quality or independence.
- (ii) Establishing the appropriate relations with the auditors of accounts or audit companies in order to receive information on those questions which may constitute a threat to their independence for their examination by the Audit Committee, and any others related with the procedure of the audit of accounts and, when necessary, the authorisation of services other than those prohibited, in the terms set out in articles 5, section 4, and 6.2.b) of Regulation (EU) No 537/2014, of 16 April, and the terms of section 3 of chapter IV, title I of Law

22/2015, of 20 July, on the Auditing of Accounts, on the regime of independence, as well as those other communications provided for in the legislation on accounts auditing and in the audit standards. In every case, they must receive annually from the external auditors a declaration of their independence in relation to the Company or companies linked to it directly or indirectly, and detailed and individualised information on additional services of any kind supplied and the relevant fees received from these companies by the external auditor or by persons or entities linked to it in accordance with the terms set out in the regulations governing the activity of auditing accounts.

- (iii) The annual issue, prior to the issue of the audit report, of a report in which an opinion is expressed on whether the independence of the auditors of accounts or audit companies has been compromised. This report must contain, in every case, a reasoned assessment of each and every one of the additional services referred to in the preceding section, considered individually and as a whole, other than the legal audit and in relation with the regime of independence or with the regulations governing the activity of auditing accounts.
- (iv) Where applicable, being in favour of the group auditor taking on responsibility for the audits of the group companies.
- (v) Supervising that the Company communicates to the CNMV as a relevant event any change of auditor and attaches a declaration on the possible existence of disagreements with the outgoing auditor and, if there are such, their content.
- (vi) Ensuring that the external auditor has an annual meeting with the Board of Directors in plenary session to report on the work done and on the progress of the accounting situation and risks affecting the Company.
- (vii) Ensuring that the Company and the external auditor respect the rules in force on the supply of services other than those of audit, the limits on the concentration of the auditor's business and, in general, other standards on the independence of the auditors.

In the first months of financial year 2017, and in any event prior to the issue of the accounts auditing report, the Audit Committee shall prepare the report on the independence of the accounts auditors or auditing firms in accordance with article 23.9 of the Regulations of the Board of Directors.

The Financial Department coordinates the relations with financial analysts, investment banks, institutional and retail investors and rating agencies, managing requests for information as well requests from institutional or private investors on the basis of the principles of transparency, non-discrimination, veracity and reliability of the information provided.

To this end, Aena has several communication channels, such as the publication of the information on quarterly results and other events such as those related to the presentation of results or to corporate operations, and direct communication with the department of investor relations via an electronic email and a contact telephone number.

C.1.36 Indicate whether during the year the Company has changed external auditor. If this is the case, identify outgoing and incoming auditor:

Yes ☐

No ☒

Outgoing Auditor	Incoming Auditor

In the event of disagreements having arisen with the outgoing auditor, explain the content thereof:

Yes ☐

No ☒

Explanation of disagreements

C.1.37 Indicate whether the auditing firm carries out other work for the company and/or its group other than auditing work and, if this is the case, state the amount of the fees received for such work and the percentage thereof of the fees billed to the company and/or its group:

Yes ☒

No ☐

	Company	Group	Total
Amount for work other than auditing work (thousands of euros)	67	0	67
Amount for work other than auditing work/Total amount billed by auditing firm (in %)	58.77%	0%	50.76%

C.1.38 Indicate whether the audit report on the financial statements of the previous year contains reservations or qualifications. If any, please indicate the reasons provided by the chairman of the audit committee on the content and scope of said reservations and qualifications.

Yes ☐

No ☒

Explanation of reasons

C.1.39 State the number of financial years during which the current auditing firm has uninterruptedly been performing the auditing of the financial statements of the company and/or the group. In addition, state the percentage represented by the number of financial years audited by the current firm of the total number of financial years that have been audited:

	Company	Group
Number of uninterrupted financial years	6	6

	Company	Group
Number of financial years audited by the current auditing firm/number of financial years in which the company has been audited (in %)	100%	100%

C.1.40 Indicate and, as the case may be, provide details of whether there is a procedure in place for directors to have external advice:

Yes ☒ No ☐

Details of procedure
<p>As set forth in article 25 of the Board Regulations, in order to be assisted in the exercise of their duties, External Directors may request the engagement at the expense of the Company of advisers and experts. The engagements must relate to specific problems of a certain significance or complexity.</p> <p>The decision to engage such services must be communicated to the Chairman and shall be carried out via the Secretary of the Board of Directors, unless the Board of Directors should consider that the engagement is not necessary or convenient.</p>

C.1.41 Indicate and, as the case may be, provided details, of whether there is a procedure in place for directors to have the necessary information to prepare the meetings of the administration bodies with sufficient time:

Yes ☒ No ☐

Details of procedure
----------------------

Article 19.4 of the Regulations of the Board of Directors and 36 of the Company Bylaws set forth that the Chairman shall call the ordinary meetings of the board. This will be done by letter, electronic mail or other telematic means of communication that ensure receipt thereof, sufficiently in advance for Directors to have access to it and no later than the third day before the date the Board Meeting is to be held. The summons shall include the Agenda of the meeting and relevant written information for decision making, clearly indicating those points on which the Board of Directors must adopt a decision or agreement so that the Directors are able to study or compile, prior to the meeting, the information required to make the decision.

C.1.42 Indicate and, as the case may be, provide details as to whether the company has established rules obliging the directors to inform and, as the case may be, to resign, in cases that might be detrimental to the credibility and reputation of the company:

Yes ☒

No ☐

**Explain the rules**

In accordance with article 13.2 of the Board Regulations, the Directors must resign from the Board of Directors and formalise their resignation when: (i) for actions or conducts attributable to the Director that have caused serious harm to the assets or reputation of the Company or put the Company at risk of criminal liability; and (ii) when their permanence in the Board of Directors might endanger in any way and in a direct or indirect way or via related parties (in accordance with the definition of this term contained herein), the fair and diligence exercise of their duties in accordance with the social interest.

C.1.43 Indicate whether any member of the Board of Directors has informed the company that he has been prosecuted or that an order for the commencement of an oral trial has been issued against him, for any of the crimes set forth in article 213 of the Capital Companies Act:

Yes ☐

No ☒

Name of director	Criminal case	Remarks

Indicate whether the Board of Directors has analysed the case. If the answer is yes, provide a reasonable explanation on the decision made on whether or not the director must continue in office or, as the case may be, explain the actions taken by the Board of Directors up to the date of this report or that it plans to execute.

Yes ☐

No ☐

Decision made/action taken	Reasoned explanation

C.1.44 List the significant agreements entered into by the company and which come into force, are modified or terminate in the event of a change of control of the company as a result of a takeover bid and its effects.

C.1.45 Identify in aggregate form and indicate, in detail, the agreements between the company and its management or senior executive employees or workers subject to compensation, guarantee or indemnity clauses, when these should resign or are wrongfully dismissed or if the contractual relationship should terminate as a result of a takeover bid or any other type of operation.

Number of beneficiaries	
Type of beneficiary	Description of agreement

Indicate whether these contracts must be reported and/or approved by the company or the group bodies:

	Board of Directors	General Shareholder's Meeting
Body authorising the clauses		

	Yes	No
Is the General Shareholder's Meeting informed of the clauses?		

## C.2 Committees of the Board of Directors

C.2.1 List all the committees of the Board of Directors, their members and the proportion of executive, proprietary, independent directors and other external members within them:

### DELEGATED OR EXECUTIVE COMMITTEE

Name	Position	Type

Mr JOSE MANUEL VARGAS GÓMEZ	CHAIRMAN	EXECUTIVE
Ms PILAR FABREGAT ROMERO	MEMBER	PROPRIETARY
Mr JUAN MIGUEL BÁSCONES RAMOS	MEMBER	PROPRIETARY
Mr SIMON PEDRO BARCELÓ VADELL	MEMBER	INDEPENDENT
TCI ADVISORY SERVICES, LLP. Represented by Mr. CHRISTOPHER ANTHONY HOHN	MEMBER	PROPRIETARY

% of executive directors	20%
% of proprietary directors	60%
% of independent directors	20%
% of other external members	

Explain the functions of this committee, describe the procedures and rules for organisation and operation thereof and summarise its most important actions during the year.

Functions, organisation and operation: (Article 22 of the Board Regulations)

[...]

(ii) Competencies

5. Without prejudice to the delegation of powers to the Chairman of the Board of Directors and, as applicable, the Managing Director and the Vice-Chairman of the Board of Directors, the Executive Committee will have the capacity of decision in the general ambit and, consequently, will have express delegation of all the powers which correspond to the Board of Directors except those which are not able to be delegated in virtue of the Law, regulations applicable in matters of corporate government, the Company Bylaws and this Regulation.

(iii) Operation

6. The Executive Committee will meet with the necessary frequency, in the judgment of the Chairman or when requested by three of its members.
7. The Executive Committee will be validly formed when the meeting is attended, in person or represented, by more than half of its members.
8. Resolutions will be adopted by absolute majority of the Directors attending the meeting (in person or represented), the Chairman having a casting vote in the event of a tie.

(iv) Relations with the Board of Directors

9. The Board of Directors will be advised of the matters dealt with and the decisions adopted by the Executive Committee and all its members will receive copies of the minutes of Executive Committee meetings.

This time, the Executive Committee met once to report on the new developments in the legal

proceedings regarding the town of Ciudad Santo Domingo.

Indicate whether the composition of the delegated or executive committee reflects the participation in the Board of the various directors in regard to category:

Yes ☐

No ☒

**If the reply is no, please explain the composition of your delegated or executive committee**

Composition (art 22 (i) of Board Regulations)

[...]

3. The Executive Committee will be comprised of the Chairman of the Board of Directors, three (3) Proprietary Directors, and one (1) Independent Director.

This composition is the result of the privatisation process of the Aena, whose privatisation commission approved the abovementioned composition and which appears in the prospectus of admission to trading.

#### **AUDIT COMMITTEE**

<b>Name</b>	<b>Position</b>	<b>Type</b>
Mr. JUAN IGNACIO ACHA-ORBEA ECHEVERRÍA	CHAIRMAN	INDEPENDENT
Mr RODRIGO MADRAZO GARCIA DE LOMANA	MEMBER	PROPRIETARY
Mr JUAN MIGUEL BÁSCONES RAMOS	MEMBER	PROPRIETARY
Mr JAIME TERCEIRO LOMBA	MEMBER	INDEPENDENT
Mr JOSE LUIS BONET FERRER	MEMBER	INDEPENDENT

<b>% of proprietary directors</b>	40 %
<b>% of independent directors</b>	60 %
<b>% of other external members</b>	

Explain the functions of this committee, describe the procedures and rules for organisation and operation thereof and summarise its most important actions during the year.

Functions, organisation and operation: (Article 23 of the Board Regulations)

(i) Composition

1. The Board of Directors will set up a permanent Audit Committee comprising five (5) members,

who must be External Directors.

2. The Audit Committee is formed as an internal body of an informative and consultative character, with no executive functions, with powers of information, advice and proposal within its scope of action.
3. The members of the Audit Committee, and particularly its Chairman, will be appointed taking into account their knowledge and experience in matters of accounting and auditing or both. As a group, the Committee members will have the relevant technical knowledge in relation with the Company's sector of activity. Most of these members shall be Independent Directors.
4. The Chairman of the Audit Committee will be appointed from among the Independent Directors who are its members and must be replaced every four years, being able to be re-elected after a gap of one year from the date of cessation.
5. The appointment of the members of the Audit Committee, as well as the appointment of its Chairman and Secretary, will be made by the Board of Directors by absolute majority. Its renewal shall be made in the time, form and number as decided by the Board of Directors of the Company.
6. The Secretary of the Audit Committee can be one of its members or the Secretary or Vice-Secretary of the Board of Directors. In the case of the latter, the Secretary may not have status as a member of the Audit Committee.

(ii) Competencies

7. Without prejudice to any other task that may be assigned to it by the Board of Directors or which is established in this Regulation, the primary function of the Audit Committee will be that of providing support to the Board of Directors in its functions of supervision and, specifically, it will have as a minimum the competence to report to the General Meeting of Shareholders on questions raised in relation with those matters which are in the competence of the Audit Committee and, in particular, on the results of the audit, explaining how this has contributed to the integrity of the financial information and the function that the committee has undertaken in this process. In this sense, the Audit Committee will see that the Board of Directors endeavours to present the financial statements to the General Meeting of Shareholders without limitations or reservations in the audit report and that, in the exceptional circumstances that there should be reservations, both the Chairman of the Audit Committee and the auditors explain with clarity to the shareholders the content and scope of such limitations or reservations.
8. In relation with information and internal control systems, the Audit Committee will have the following functions:
  - (a) Supervising the process of preparation, presentation and integrity of the essential financial information relating to the Company and, where applicable, the group, presenting to the administration body recommendations or proposals intended to safeguard its integrity, reviewing compliance with regulatory requirements, the adequate definition of the perimeter of consolidation and the correct application of accounting criteria.
  - (b) Regularly review the internal control and risk management systems in order to identify, manage and properly inform of the main risks.
  - (c) Evaluating everything relative to non-financial risks in the company –including those operational, technological, legal, social, environmental, political and reputational.
  - (d) Supervising the effectiveness of internal control in the Company, the internal audit and systems of risk management, discussing with the auditor of accounts any significant weaknesses in the internal control system detected during the audit, all this without impairing its independence. To these ends, and where applicable, it can make recommendations or proposals to the administration body and the relevant period for their follow-up.
  - (e) Establish and supervise a mechanism that enables employees to report in a confidential

manner and, if possible and appropriate, anonymously, any irregularities of potential importance, particularly financial and accounting, that they may have detected within the company.

- (f) Watching over the independence of the unit which takes on the function of internal audit; proposing the selection, appointment, re-election and cessation of the internal audit service manager; proposing the budget for this service; approving the orientation and working plans, ensuring that its activity is focused principally towards the company's relevant risks; receiving information regularly on its activities; and verifying that the top management takes into account the conclusions and recommendations of its reports.
9. In relation with the external auditor:
- (a) Presenting to the Board of Directors, for submission to the General Meeting of Shareholders, proposals for the selection, appointment, re-election and replacement of the auditors of accounts, , taking responsibility for the selection process, in accordance with the terms of articles 16, sections 2, 3 and 5, and 17.5 of Regulation (EU) No 537/2014, of 16 April, and the conditions of their contracting.
  - (b) Receiving regularly from the external auditor information on the audit plan and the results of its workings, and seeing to it that the senior management takes its recommendations into account.
  - (c) Ensuring and preserving the independence of the external auditor in the exercise of its functions and, to that end:
    - Ensuring that the Company communicates to the National Securities Market Commission, as an important event, the change of external auditor and attaches a declaration on the possible existence of disagreements with the outgoing auditor and, if there were such, their content.
    - Ensuring that the Company and the external auditor respect the current rules on the supply of services other than those of auditing, the limits on the concentration of the external auditor's business and, in general, other standards established to ensure the independence of the auditors.
    - In the event of the external auditor's resignation, examining the circumstances causing it.
    - Watching to see that the remuneration to the external auditor for the work does not compromise quality or independence.
  - (d) Establishing the appropriate relations with the auditors of accounts or audit companies in order to receive information on those questions which may constitute a threat to their independence for their examination by the Audit Committee, and any others related with the procedure of the audit of accounts and, when necessary, the authorisation of services other than those prohibited, in the terms set out in articles 5, section 4, and 6.2.b) of Regulation (EU) No 537/2014, of 16 April, and the terms of section 3 of chapter IV, title I of Law 22/2015, of 20 July, on the Auditing of Accounts, on the regime of independence, as well as those other communications provided for in the legislation on accounts auditing and in the audit standards. In every case, they must receive annually from the external auditors a declaration of their independence in relation to the Company or companies linked to it directly or indirectly, and detailed and individualised information on additional services of any kind supplied and the relevant fees received from these companies by the external auditor or by persons or entities linked to it in accordance with the terms set out in the regulations governing the activity of auditing accounts.
  - (e) The annual issue, prior to the issue of the audit report, of a report in which an opinion is expressed on whether the independence of the auditors of accounts or audit companies has been compromised. This report must contain, in every case, a reasoned assessment of each

- and every one of the additional services referred to in the preceding section, considered individually and as a whole, other than the legal audit and in relation with the regime of independence or with the regulations governing the activity of auditing accounts.
- (f) Where applicable, being in favour of the group auditor taking on responsibility for the audits of the group companies.
  - (g) Supervising that the Company communicates to the CNMV as a relevant event any change of auditor and attaches a declaration on the possible existence of disagreements with the outgoing auditor and, if there are such, their content.
  - (h) Ensuring that the external auditor has an annual meeting with the Board of Directors in plenary session to report on the work done and on the progress of the accounting situation and risks affecting the Company.
  - (i) Ensuring that the Company and the external auditor respect the rules in force on the supply of services other than those of audit, the limits on the concentration of the auditor's business and, in general, other standards on the independence of the auditors.
10. Reporting to the Board of Directors, prior to its adoption of the relevant decisions reserved to the Board of Directors, on the following subjects:
- (a) The financial information that, due to its status as quoted, the Company must regularly make public. The Audit Committee must ensure that the intermediate accounts are prepared according to the same accounting criteria as the annual accounts and, to this end, consider the advisability of a limited review of the external auditor.
  - (b) The prospectuses on the issue, admission and all other documentation relating to share issues or admissions
  - (c) The creation or acquisition of stocks in special purpose vehicles or based in countries or territories considered tax havens, as well as any other transaction or operation of a similar nature which, due to its complexity, might undermine the transparency of the group.
  - (d) The related-party transactions.
11. In relation to the internal audit:
- (a) The Company shall have a unit that will be responsible for the internal auditing role which, under the supervision of the Audit Committee, shall ensure the good working order of the information and internal control systems and which will functionally report to the Chairman of the Audit Committee.
  - (b) The head of the unit that assumes the internal audit functions shall present its annual work plan to the Committee; will inform the committee directly of any incidents arising in the performance thereof; and shall present an activities report at the end of each financial year.
  - (c) The Audit Committee shall ensure the Independence and efficacy of the internal audit function; shall propose the selection, appointment, re-election and termination of the head of the internal audit department; shall propose the budget for this service; will receive regular information on its activities; and will verify that senior management takes the conclusions and recommendations of its reports into account.
12. In relation with the risk control and management policy:
- (a) The Audit Committee must identify:
    - The various types of risk, financial and non-financial (among others, those operational, technological, legal, social, environmental, political and reputational), to which the Company is subject, including among those financial and economic, contingent liabilities and other risks outside the balance sheet.
    - Fixing the level of risk that the Company considers acceptable.
    - The measures in place to mitigate the impact of identified risks, in the event that they should materialise.
    - The information and internal control systems that will be used to manage said risks,

including contingent liabilities and off-balance sheet risks.

- (b) Under the direct supervision of the Audit Committee, the Company will have a unit which carries out the internal function of risk control and management, and which will carry out the following functions:

- Ensuring the good functioning of the risk control and management systems and, in particular, that they identify, manage and adequately quantify all the important risks affecting the Company.
- Participating actively in the preparation of the risk strategy and in important decisions on its management.
- Seeing that the risk control and management systems mitigate the risks adequately in the framework of the policy defined by the Board of Directors.

13. The Audit Committee will supervise the strategy of communication and relations with shareholders and investors, including small and medium shareholders.

14. The Audit Committee must be informed on operations of structural and corporate amendments which the Company intends to carry out, for their analysis and prior report to the Board of Directors, on their economic conditions and accounting impact and, particularly, where applicable, on the proposed equation for exchange.

(iii) Operation

15. The Audit Committee will meet at least once a quarter and whenever it is found appropriate, being summoned by its Chairman, on his own decision or in response to a request by two (2) of its members, by the Chairman of the Board of Directors, the Executive Committee or, where applicable, the Managing Director.

16. Notwithstanding the above, the Audit Committee will meet whenever the Board of Directors asks for a report or approval of proposals in the ambit of its competence and always when, in the judgment of the committee Chairman, it is seen as appropriate to the good progress of its purposes.

17. The Audit Committee will be validly constituted when the meeting is attended, in person or represented, by more than half of its members.

18. Resolutions will be adopted by absolute majority of the Directors attending the meeting (in person or represented), the Chairman having a casting vote in the event of a tie.

19. The Audit Committee may call for attendance at its meetings of the Company's auditor of accounts and the internal audit manager. In addition, the Audit Committee may call any employee or senior manager of the Company and even ask attendance of an employee without the presence of any senior manager.

20. The Audit Committee will prepare an annual memorandum containing an account of its activities.

(iv) Relations with the Board of Directors

21. The Board of Directors will be informed of the matters dealt with and the decisions adopted by the Audit Committee and all its members will receive copies of the minutes of the Audit meetings.

The most important actions that the Audit Committee undertook in 2016 were:

-Review of the individual and consolidated annual accounts from financial year 2015 and forwarding them to the Board of Directors so they can formulate them, and subsequently sending them to the CNMV and approval by the General Shareholder's Meeting.

-Report on the Independence of the auditors

-Review of the quarterly and half yearly results for approval by the Board of Directors and subsequent proposal to the CNMV.

- Approval of the report with the proposal to appoint account auditors for 2017, 2018 and 2019, to be forwarded to the Board of Directors and later submitted to the General Shareholder's Meeting.
- Review of reports on associated operations to be forwarded to the Company's Board of Directors.
- Review of the report by the Chief Financial Officer on Change in the Business Segments and Cash-Generating Units.
- Review to be forwarded to and approved by the Board of Directors of the Policy on communication and contacts with shareholders, institutional investors and voting advisers
- Approval of the report by the Committee on the annual evaluation of operations and Composition of the Audit Committee, which was later forwarded to the Board of Directors, which approved it.
- Supervision of the actions undertaken by the Internal Audit Department:
  - ✓ Presentation of internal audit activities performed in 2015.
  - ✓ Risk map for 2016.
  - ✓ Tracking incidents in audit reports awaiting resolution.
  - ✓ Presentation of actions by the Internal Audit Department during the first half of 2016.
  - ✓ Information on activity in the Complaints Channel during financial year 2016.
  - ✓ Presentation of the 2017 Audit Plan.

Identify the director who is a member of the audit committee who has been appointed taking into consideration his knowledge and experience in accounting, auditing or both and report on the number of years the Chairman of the Committee has held his office.

## APPOINTMENTS AND REMUNERATION COMMITTEE

<b>Name</b>	<b>Position</b>	<b>Type</b>
Mr EDUARDO FERNANDEZ CUESTA LUCA DE TENA	CHAIRMAN	INDEPENDENT
Mr SIMON PEDRO BARCELÓ VADELL	MEMBER	INDEPENDENT
Mr JOSE M <sup>a</sup> ARAÚZO GONZÁLEZ	MEMBER	PROPRIETARY
TCI ADVISORY SERVICES LLP	MEMBER	PROPRIETARY
Mr AMANCIO LÓPEZ SEIJAS	MEMBER	INDEPENDENT

<b>% of proprietary directors</b>	40%

<b>% of independent directors</b>	60%
<b>% of other external members</b>	

Explain the functions of this committee, describe the procedures and rules for organisation and operation thereof and summarise its most important actions during the year.

The main rules of organisation and operation of the Appointments and Remuneration Committee are defined in article 24 of the Regulations of the Board of Directors. Notwithstanding any other duty that may be entrusted by the Board of Directors, the Appointments and Remuneration Committee shall have the following competencies:

1. Evaluating the competence, knowledge and experience necessary for the Board of Directors, defining, in consequence, the functions and aptitudes necessary for the candidates to fill each vacancy, and evaluating the time and dedication required for them to undertake their tasks properly.
2. Establishing an objective for representation of the sex less present on the Board of Directors, preparing orientation on how to achieve this objective and reporting to the Board on questions of gender diversity.
3. Submitting to the Board of Directors proposals for the nomination of Independent Directors for their appointment by co-option or for submission to the decision of the General Meeting of Shareholders, and proposals for the re-election or dismissal of these Directors by the General Meeting of Shareholders.
4. Reporting on proposals of appointment of other Directors for their nomination by co-option or for submission to the decision of the General Meeting of Shareholders, and proposals for their re-election or dismissal by the General Meeting of Shareholders.
5. Annual verification of compliance with the policy of selection of directors by the Board of Directors, reporting on this in the annual report on corporate government.
6. Ensuring that the non-executive directors have sufficient time available for the correct undertaking of their functions.
7. Reporting the proposals of nomination and dismissal of senior executives and proposing to the Board of Directors the basic conditions of their contracts.
8. Examining and organising the succession of the Chairman of the Board of Directors and the chief executive of the company and, where applicable, making proposals to the Board of Directors so that this succession takes place in an ordered and planned manner.
9. Periodically review the remuneration policy applied to the Directors and senior executives, including share remuneration packages and their application, as well as guarantee that their individual remuneration is in line with that paid to other Directors and senior executives of the Company.
10. Consulting the Chairman and chief executive of the Company, especially when dealing with matters relative to the executive directors and senior executives.

11. Checking on observance of the remuneration policy established by the Company.
12. Determine the complementary remuneration system of the Chairman and the Chief Executive Officer. The basic remuneration, which is the obligatory minimum remuneration, shall be established by the Ministry of the Treasury and Public Administrations.
13. Reporting on incentive plans.
14. Making an annual examination of the remuneration policy for the Directors and senior executives.
15. Preparing and checking on information on remuneration of the Directors and senior executives contained in the various corporate documents, including the annual report on corporate government and the annual report on Directors' remuneration.
16. Proposing the appropriate amendments of this Regulation to the Board of Directors.
17. Examining compliance with internal regulations (including the internal codes of conduct) and the rules of corporate government and making the necessary proposals of improvement.
18. Regularly evaluating the suitability of the company's corporate government system, with the aim that it complies with its purpose of promoting the company interests and taking into account, as appropriate, the legitimate interests of the other interest groups.
19. Seeing to it that any possible conflicts of interests do not compromise the independence of the external advice given to the Committee.
20. Reviewing the Company's corporate social responsibility policy, seeing that it is orientated to the creation of value.
21. Carrying out the follow-up of the strategy and practices of corporate social responsibility and evaluating the degree of compliance.
22. Supervising and evaluating the processes of relations with the various interest groups.
23. Coordinating the process of reporting of non-financial information and on diversity, in accordance with the regulations applicable and international standards of reference.

The Appointments and Remuneration Committee shall meet as often as deemed necessary in the opinion of its Chairman for the exercise of its duties. It will also meet when requested by, at least, two (2) of its members. The Chairman of the Board of Directors and the Chief Executive Officer may request information meetings from the Appointments and Remuneration Committee, as an exception.

Notwithstanding the above, the Appointments and Remuneration Committee will meet whenever the Board of Directors asks for the issue of a report or approval of proposals in the field of its competences and whenever, in the judgment of the Chairman of this committee, it is appropriate for the good development of its purposes.

The Appointments and Remuneration Committee will be validly met when the majority of its members are present at the meeting, in person or represented.

Resolutions will be adopted by absolute majority of the Directors attending the meeting (in person or represented), the Chairman having a casting vote in the event of a tie.

Also any Company Director may ask the Appointments and Remuneration Committee to take into consideration, if they could be considered suitable, potential candidates to fill vacancies for Directors.

The Board of Directors will be informed of the matters dealt with and the decisions adopted by the Appointments and Remuneration Committee and all its members will receive copies of the minutes of the meetings of the Appointments and Remuneration Committee

Regarding the most important matters undertaken by the Committee during financial year 2016, we should mention the following:

- The existing Corporate Responsibility Policy was adapted, with an agreement to forward the new “Aena Framework Policy on Corporate Responsibility” to the Board of Directors for its approval.
- The “Director Selection Policy” was formalised and a monitoring report on it was approved and submitted to the Board of Directors.
- The Committee examined and approved the Annual Director Remuneration Report and the Annual Corporate Governance Report.
- To draft the above reports, the Attorney General issued a report for the directors belonging to this Committee on the prevalence of public over private regulations, given Aena’s particular nature as a state-owned limited company which is also listed, until the status quo changes or there is a change in the regulations which explicitly deems Aena’s legal system exceptional given its special juridical nature.
- The Committee issued a positive report on the need to amend art. 24 of the Regulations of the Board of Directors regarding the functions of the Appointments and Remuneration Committee; it was assigned new functions, and it forwarded the proposed amendment to the Board of Directors.
- Following the recommendations of the Code of Good Governance, it evaluated the performance of the Chairmen of both the Appointments and Remuneration Committee and the Board of Directors.
- As a result of the resignation of director Ms Victoria Marcos Cabero, in order to cover the vacant place on the Board of Directors, the Committee drafted and approved the justification report appointing Mr Francisco Javier Martín Ramiro as the new proprietary director, leaving his approval or ratification for the first General Shareholder’s Meeting. Likewise, given that the outgoing director was a member of the Executive Committee, Ms Pilar Fabregat Romero was suggested as a new member of the Company’s Executive Committee.
- Due to the difficulty of Aena regarding making strategic decisions in some topics, as well as the full exercise of its competences due to the set of rules applicable to the company, the Committee proposes to the Board of Directors to request the “Ministerio de Fomento” about the necessity of a proper legal frame that allows the company a better performance as a listed company and allows to comply the principles, regulations and recommendations of corporate governance, mandatory by law, recommended by the “CNMV” and requested by institutional investors.
- The Committee approved the planning of the Company and the Senior Management in the area of the Aena Performance System for 2016, and at the end of the financial year the tentative results for that year were approved.

- Because the EU regulation on market abuse went into effect on 3 July, the amendments of the Internal Code of Conduct of Securities Markets were modified to be approved by the Board of Directors.
- The Secretary of the Committee reported on the addendum to the Senior Management contract of the CEO of the Company to perform the functions as the Managing Director of Aena International without additional remuneration.
- An independent consultant hired for this purpose reported to the Committee on the position of the Company's remuneration compared to the market.

Audit Committee	0	0			
Appointments and remuneration committee	0	0			
Appointments committee					
Remuneration committee					
Committee of _____					

C.2.3 Paragraph revoked.

C.2.4 Paragraph revoked.

C.2.5 Indicate, as the case may be, the existence of regulation of the board committees, the place where these are available for consultation and the modifications that may have been made throughout the year. In addition, please indicate whether any kind of annual report on the activities of each committee has been voluntarily prepared.

**The regulation of the board committees is contained in the following precepts:**

- Executive Committee: Article 22 of the Regulations of the Board of Directors and article 42 of the Company Bylaws
- Audit Committee: Article 23 of the Regulations of the Board of Directors and article 43 of the Company Bylaws
- Appointments and Remuneration Committee: Article 24 of the Regulations of the Board of Directors and article 44 of the Company Bylaws

**The place where these regulations can be found is:**

<http://www.aena.es/csee/Satellite/Accionistas/en/Page/1237572367889/>

<http://www.aena.es/csee/Satellite/Accionistas/en/Page/1237568522634/>

**The modifications made in the regulations of the committees of the board have been the following:**

On 23 February 2016, the Board of Directors of the Company approved the modification of, among others, articles 22, 23, 24 and 38 of the Regulations of the Board of Directors, which introduced the following novelties:

a) Article 22 (Executive Committee)

The reference to meetings every fifteen days has been removed and replaced by a more generic reference to the frequency necessary in the judgment of the Chairman, or whenever requested by three of its members.

b) Article 23 (Audit Committee)

A reference is added to the effect that, as a whole, the members of the committee need to have the relevant technical knowledge in relation with the sector of activity to which the entity audited belongs.

The regulation in the bylaws on the term and re-election of the post of Chairman of this Committee was amended in view of the provisions of section two of article 529 quaterdecies of the Corporate Enterprises Law.

New functions were added for the Audit Committee, as it was assigned the functions provided for in letters b) and g) of Recommendation 53.

Finally, in order to clarify that the competence for reporting on related-party transactions is in the competence of the Audit Committee, as set out in the Corporate Enterprises Law, the possibility that it may fall on another Committee has been deleted from section 10.d).

c) Article 24 (Appointments and Remuneration Committee)

The Appointments and Remuneration Committee was assigned the functions provided for in letters a), c), d), e), f) and h) of Recommendation 53.

Additionally, in line with the change in the functions of the Audit Committee and to clarify that the function of reporting on related-party transactions is in the competence of that Audit Committee, the old section 7.(r), in which this function overlapped with the Appointments and Remuneration Committee, has been removed.

f) Article 38 (Related-party transactions)

In line with the changes introduced in the functions of the Audit Committee and the Appointments and Remuneration Committee and to clarify that the function of reporting on related-party transactions is in the competence of the Audit Committee, this article has been amended in the same sense and with the same purpose.

On the 28 June 2017, the General Shareholder's Meeting of the Company approved the modification of, among others, article 43 of the Company Bylaws, with the following novelties:

a) Article 43 (Audit Committee)

A reference is added to the effect that, as a whole, the members of the committee need to have the relevant technical knowledge in relation with the sector of activity to which the entity audited belongs.

Furthermore, the regulation in the bylaws on the term and re-election of the post of Chairman of this Committee was amended in view of the provisions of section two of article 529 quaterdecies of the Corporate Enterprises Law.

C.2.6 Paragraph revoked.

## **D RELATED-PARTY AND INTRA-GROUP TRANSACTIONS**

D.1 Explain, as the case maybe, the procedure for approval of related party and intra-group transactions.

<b>Procedure for the approval of related transactions</b>
<p>Article 5.4. (xx) of the Regulations of the Board of Directors reserves for the Board of Directors the competency to approve, after a report by the Audit Committee, the transactions that the Company or the companies within its group perform with directors or shareholders, either individually or in conjunction with others, involving a significant share, including shareholders represented by the Board of Directors of the Company or other companies that are part of the same group, or with individuals linked to them. The Directors affected or that represent or are associated with the shareholders affected must abstain from participating in the deliberations and votes on the agreement in question. Only transactions which meet all three of the characteristics listed below shall be exempted from this approval:</p> <ul style="list-style-type: none"><li>a) That they are performed by virtue of contracts whose conditions are essentially standard and are applied en masse to a large number of clients.</li><li>b) That are performed at prices or fees that are generally established by whoever operates as a supplier of the good or service in question, and</li><li>c) That the amount involved does not exceed one percent of the Company's annual receipts.</li></ul> <p>In turn, article 38 of the Regulations of the Board of Directors sets forth that:</p> <ol style="list-style-type: none"><li>1. The Board of Directors will be informed of transactions that the Company carries out, directly or indirectly, with directors, with significant shareholders or with representation on the board or with persons linked to them. These operations or transactions will require the authorisation of the Board of Directors, following a favourable report by the Audit Committee, which must be approved with the favourable vote of at least eighty percent (80%) of the Directors attending, in person or represented, the meeting referred to.</li></ol> <p>Directors who are affected by the aforesaid transactions, in addition to being unable to exercise or delegate their voting right, must absent themselves from the meeting room while the Board of Directors discusses and votes on the matter.</p> <ol style="list-style-type: none"><li>2. The authorisation envisaged in the preceding section will not be required, however, when referring to transactions which simultaneously meet the following three conditions:</li></ol> <ul style="list-style-type: none"><li>(i) That they are carried out pursuant to contracts that are basically standardised and</li></ul>

which are habitually used with customers who contract the type of product or service in question.

(ii) Which are carried out at prices or rates that are generally set by whoever acts as the supplier of the good or service in question or when the transactions refer to goods or services for which there are no set rates, under usual market conditions, similar to those applied to commercial relations with customers of similar characteristics.

(iii) Whose value does not exceed one per cent (1%) of the annual income of the Company.

If these conditions are met, the Directors affected will not be obliged to report these transactions or to apply to the Board for their authorisation as a precaution.

3. The transactions referred to will be assessed from the viewpoint of equality of treatment and market conditions, and will be set out in the annual report on corporate government and in the information made public regularly in the terms envisaged in the regulations applicable.

4. Exceptionally, for reasons of urgency, related transactions may be authorised by the Executive Committee, with subsequent ratification by the Board of Directors.

D.2 Provide details of the significant transactions due to amount or matter carried out between the company or entities of its group and the significant shareholders of the company:

<b>Name or company name of the significant shareholder</b>	<b>Name or company name of the company or group entity</b>	<b>Nature of the relationship</b>	<b>Type of operation</b>	<b>Amount (thousands of euros)</b>
<b>ENAIRE</b>	<b>AENA,S.A</b>	<b>Contractual</b>	<b>Provision of services</b>	<b>99</b>
<b>ENAIRE</b>	<b>AENA, S.A</b>	<b>Contractual</b>	<b>Receipt of services</b>	<b>146,534</b>
<b>ENAIRE</b>	<b>AENA, S.A</b>	<b>Contractual</b>	<b>Guarantees/hedging instruments</b>	<b>1,548</b>
<b>ENAIRE</b>	<b>AENA, S.A</b>	<b>Contractual</b>	<b>Financing agreements: interest</b>	<b>95,325</b>
<b>ENAIRE</b>	<b>AENA INT</b>	<b>Contractual</b>	<b>Provision of services</b>	<b>1,334</b>

D.3 Breakdown of the significant transactions by amount or matter carried out between the company or group entities and the directors or senior executives of the company:

<b>Name or company name of the directors or senior executives</b>	<b>Name or company name of the related party</b>	<b>Nature of the relationship</b>	<b>Amount (thousands of euros)</b>

No member of the Board of Directors, no other member of the senior management of the company, no person represented by a director or member of senior management, nor any company in which such persons or persons with whom they have a concerted action or act via intermediaries therein are either directors, members of senior management or significant shareholders, have carried out unusual or relevant transactions with the company.

- D.4 Report on significant transactions carried out by the company with other entities belonging to the same group, provided these are not eliminated in the preparation of the consolidated financial statements and do not form part of the usual traffic of the company in relation to its purpose and conditions.

In any event, provide information on any intra-group transaction carried out with entities based in countries or territories considered as tax havens:

<b>Company name of the group entity</b>	<b>Brief description of transaction</b>	<b>Amount (thousands of euros)</b>

Not applicable

- D.5 Indicate the value of the transactions carried out with other related parties.

The total amount of the transactions carried out with other related parties, related during 2016, amounted to € 33,246 thousand as detailed in the annual accounts amounted to € 33,246 thousand as detailed in the annual accounts.

- D.6 Provide details on the mechanisms in place to detect, determine and solve possible conflicts of interest between the company and/or its group, senior executives or significant shareholders.

For the purposes of what has been set forth in this paragraph, related parties is understood to mean the persons referred to in article 231 of the Consolidated Text of the Capital Companies Act.

**DIRECTORS.** The situations involving conflict of interest which may affect the Company directors are regulated in article 29 of the Regulations of the Board of Directors. Of them, we should stress the following obligations:

Directors may not perform transactions with the Company except ordinary transactions conducted in standard conditions for clients and minor transactions operations, meaning those whose information is not necessary to express the faithful image of the Company's assets, financial situation and results.

No Director or any individual related to them may perform activities on their own account or on behalf of others that may entail effective competition, either actual or potential, with the Company or which in any other way situates them in ongoing conflict with the Company's interests.

Directors should refrain from participating in the deliberation and vote on agreements or decisions in which they or a person linked to them has a conflict of interest, either direct or indirect, except for agreements or decisions which affect them in their capacity as an administrator, such as their appointment or revocation for posts on the Board of Directors or other comparable posts.

No director or person associated with a director may either directly or indirectly perform professional or commercial operations or transactions with the Company or with any of the companies within its group when these operations do not simultaneously meet the conditions stipulated in article 38 of the Regulations of the Board of Directors regarding related transactions, unless the Board of Directors is informed in advance and approves the transaction in conformance with the provisions of article 5.4 (xx) of the Regulations of the Board of Directors.

The directors are obliged to inform the Board of Directors of any situation of conflict of interest, whether direct or indirect, which they might have in regard to company interests. In the event of conflict, the affected Director shall refrain from carrying out the transaction involving said conflict.

Notwithstanding the foregoing, the Company may lift the bans set forth in the previous paragraphs in specific cases, authorising the performance by a Director or a related party of a certain transaction with the Company, the use of certain company assets, the use of a specific business opportunity, the obtaining of a benefit or remuneration from a third party. The authorization must be necessarily agreed by the General Shareholder's Meeting when seeking to lift the ban on obtaining a benefit or remuneration from a third party, or when it affects a transaction whose value exceeds ten (10) per cent of the company assets. In all other cases, the authorisation may also be granted by the Board of Directors provided the independence of the Directors granting the authorisation is guaranteed in regard to the authorised Director, and it will be necessary to ensure the harmlessness of the authorised transaction for the company assets or,

as the case may be, its performance under market conditions and the transparency of the process.

The obligation to not compete with the Company may only be subject to dispensation in the event that no harm is to be expected for the Company or that it may be compensated by the benefit expected from such a dispensation. This dispensation shall be granted by express and separate agreement of the General Shareholder's Meeting.

**MECHANISMS OF IDENTIFICATION AND RESOLUTION OF CONFLICTS.** The aforementioned article 29 of the Regulations of the Board of Directors states that the Directors must inform the Company, via the Appointments and Remuneration Committee, of all jobs performed and activities carried out in other companies or entities, of any significant changes in their professional situation, any court or administrative proceedings or those of any other nature which in light of their importance might seriously affect the reputation of the Company and, in general, of any event or situation which may be relevant for their action as directors of the Company.

Directors may not, unless expressly authorised by the Board of Directors, and following a report from the Appointments and Remuneration Committee, form part of more than five (5) Board Committees, excluding (i) the Boards of Management of companies belonging to the same group as the Company; (ii) the Boards of Management of family businesses or estates of the Directors or their relatives; and (iii) the Boards to which they belong as a result of their professional relationship.

Given that no Director, nor person related thereto, may directly or indirectly carry out professional or commercial transactions with the Company or with any of the companies in the group when such transactions do not simultaneously meet the abovementioned conditions, the mechanism requires that the Director previously informs the Board of Directors of the professional or commercial transaction he wishes to carry out.

If the Board of Directors has been informed of or detected the existence of a related transaction, the article 23(ii)10(d) of the Regulation of the Board of Directors assigns the Audit Committee the competency to inform it of the related transactions, and this information must be sent prior to the Board's decision.

D.7 Is more than one company from the Group listed in Spain?

Yes ☐

No ☒

Identify the subsidiary companies listed in Spain:

<b>Listed subsidiary companies</b>

Indicate whether the respective areas of activity and potential business relationships between them have been publicly and accurately defined, as well as those between the listed subsidiary and the other group companies:

Yes ☐

No ☐

<b>Define the potential business relationships between the parent company and the listed subsidiary, and between the latter and the other group companies</b>

Identify the mechanisms in place to solve potential conflicts of interest between the listed subsidiary and other group companies:

<b>Mechanisms to solve potential conflicts of interest</b>

## **E RISK CONTROL AND MANAGEMENT SYSTEMS**

- E.1 Explain the extent of the Risk Management System of the company, including tax risk.

Aena, S.A. (hereinafter Aena) has implemented a Risk Management System that identifies strategic, operational, financial, compliance (including with tax legislation), information and reputational risks, and classified them on the basis of their potential impact and probability. This System develops the principles defined in the Control and Risk Management Policy approved by the Board of Directors, whose ultimate aim is to ensure a suitable overall framework of management of threats and uncertainties that are inherent to the strategy, business processes and the environment in which the Company operates.

All the risks identified by the System are added and classified in the corporate Risk Map. Each risk is managed at least by one Corporate Management Department, which documents its management in accordance with parameters defined and approved in the Risk Control and Management Policy, focusing on:

- Protecting the financial solidity and sustainability of Aena.
- Defending the rights of the shareholders and any other significant stakeholder of Aena.
- Assisting in the development of transactions by providing the security and quality required.
- Protecting the reputation of Aena.

The corporate Risk Map is updated periodically by the Management Committee based on the information provided by the Corporate Management Departments and approved by the Audit Committee.

The Aena Risk Management System therefore works in an integral and continuous way, focusing its management on the various corporate business and support areas, and consolidating this information for the Company.

The risks inherent to the international development of Aena form an integral part of its Risk Management System. In addition, the dependent company London Luton Airport Operations Ltd. (LLAOL) has a specific business risk management process adapted to its size and economic reality. The fundamental principles of the risk management in LLAOL are in line with those contained in the Risk Management Policy of Aena.

E.2 Identify the bodies in the company responsible for the development and execution of the Risk Management System, including tax risk.

The roles and responsibilities of the areas involved in risk management are set forth in the Risk Control and Management Policy as follows:

- The Board of Directors defines, updates and approved the Risk Control and Management Policy of Aena, and sets the acceptable level of risk from time to time.
- The Audit and Control Committee supervises the internal control and risk management systems, making sure that the main risks are identified, managed and kept at planned levels, specifically:
  - The various types of risks Aena is exposed to;
  - That the level of risk is kept at variables defined as acceptable;
  - The measures in place to mitigate the impact of identified risks and their effectiveness;
  - The systems of internal information and control used to control and manage said risks.

- The Corporate Management Areas identify and assess the risks in their areas of responsibility; they propose and report the indicators for monitoring; they propose and carry out action plans for mitigation of risk, informing on the efficacy of such plans.
- The Internal Audit Management Area coordinates the activities defined in the Risk Control and Management Policy of Aena; supervising the proper operation of the Risk Management System; standardising and consolidating the information on risk identification and assessment and pertaining monitoring actions, prepared by the corporate and operational areas; and reporting to the Management Committee of Aena and the Audit Committee.

E.3 State the main risks, including tax risk, which might affect the achievement of the business objectives..

The business objectives of Aena may be affected by a variety of risks inherent to its activity, the environment in which it operates and its regulatory framework, as well as by certain financial risks. Below are the main risks:

**Risks related to Aena and its business:**

- The business of Aena is directly related to levels of passenger traffic and airline operations.
- Aena can be affected by negative developments (financial and economic) in Spain and in other countries.
- Aena operates in a competitive environment both in terms of other airports, and in terms of other means of transport that can affect its revenues.
- Aena faces risks arising from the concentration of airlines and depends on the revenues of its two main airports.
- Aena is exposed to certain risks related to the commercial activity as a result of its revenue being linked to sales generated by the retail activity.

- Aena depends on the services provided by third parties in the operations at its airports, which may have an impact on the activity of Aena.
- Labour conflicts may have an impact on the activities of Aena.
- Aena depends on information technology and communications and the systems and infrastructures face certain risks, including those inherent to cyber security.
- Aena is exposed to risks related to the airport operations (operational and physical security).
- Events such as terrorist attacks, wars or global epidemics could have a negative impact on international air traffic.
- Aena is exposed to the risk of an important aviation accident.
- Natural disasters and weather conditions can negatively affect business.
- Insurance coverage may be insufficient.
- The international activity of Aena is subject to risks associated with the development of operations in third countries and the fact that returns may not be as expected.
- The profitability of Aena could be affected if it not able to keep up its current efficiency levels.
- Aena might have to abandon the exploitation of the air base open to civil aviation at Murcia-San Javier.
- Aena is exposed to risks related to its indebtedness, and its obligations may limit the activity of Aena and the chance of accessing funding, distributing dividends or making investments, among others.
- Aena is exposed to risks of loss in the judicial or administrative procedures in which it is held liable. Additional information on these procedures can be found in Note 23 of the consolidated financial statements.
- Changes in the tax legislation may lead to additional taxes or other detrimental factors for the tax situation of Aena.

- The Generalitat of Catalonia requested that the European Commission rule on the adequacy or otherwise to EU law of the airport system set forth in Law 18/2014.

**Risks related with the regulation of the business of Aena:**

- Aena is state-owned company and, as such, its management capacity may be conditioned.
- The senior management of Aena, given its characteristics as a state-owned company, is subject to the public remuneration system.
- Aena operates in a regulated sector and changes or future developments in the applicable legislation may have a negative impact on the revenue, operating profit and financial position of Aena. In particular, this regulation affects:
  - The management of the network of airports based on public service criteria.
  - System of airport tariffs.
  - Airport security measures.
  - Operating safety.
  - Allocation of time slots.
- The obligation to obtain the certificate of compliance with EU Regulation number 139/2014 might require making investments that are higher than forecast and reducing or stopping operations in one or more airports in the Aena network.
- The environmental protection legislation might limit the activities or growth in the Aena airports, and/or require important financial outlays.

**Risks related with the shareholding structure of Aena:**

- The main shareholder of Aena is a company that belongs to the Spanish State. The Spanish State will continue to have control over the operations of Aena and its interests may differ from those of the other shareholders.

**Financial risks:**

As well as what has been mentioned in this regard in previous sections, Aena is exposed to market financial risks (currency rate and interest rate fluctuations), credit and liquidity risk. Additional information in this regard

can be found in Note 3 of the consolidated financial statements.

E.4 Identify whether the company has a level of tolerance to risk, including tax risk.

The Management Committee periodically identifies the risks that threaten achievement of the business targets and carries out an assessment of criticality based on impact and expected probability, these being understood as:

- Impact: Damage that would be caused to the strategic and operating targets of Aena Aeropuertos that the risk would materialise in an actual event.
- Probability: Likelihood that the risk will materialise in an actual event once the controls in place to mitigate the risk have been considered.

In order to assess the risks identified, different types of possible impacts are considered for each risk, quantitative and qualitative.

- Economic: via the loss of profit or damage to property.
- Operations: via the temporary difficulty or impossibility of carrying out activities in certain areas, airports or being able to provide certain services to the customers.
- Reputation: via the potential loss of prestige regarding the stakeholders, mainly those who have a significant influence on the business such as customers, regulators, employees, financial entities and investors.

This assessment is supervised and approved by the Audit Committee of Aena.

Critical risks are those whose impact and probability are placed at the highest level of assessment. The Risk Policy establishes that in any event, for risks classified as critical, plans of action designed to maintain the impact or probability at levels defined as acceptable by the Board of Directors must be drawn up.

In addition, the Aena Risk Model establishes that every risk, including tax risk, must have key monitoring indicators, for which tolerance thresholds are established according to what is considered an acceptable risk exposure. When

such thresholds are surpassed, the need to design and execute specific action plans must be considered.

E.5 Indicate what risks, including tax risk, have materialised throughout the year.

The risks identified in the corporate Risk Map are to a large extent inherent to the activities of Aena and the applicable regulatory framework. For this reason such risks are likely to materialise to a certain extent in each financial year.

Below we highlight the most relevant risks that have materialised:

Tariff regulation

On 24 July 2015, the National Commission on the Markets and the Competition (CNMC) published its “Resolution approving the proposal for tariff modification from Aena S.A. for 2016 establishing measures that must be adopted in future consultation procedures”, arriving, among others, at the following conclusions:

- It differs from the interpretation of Aena of the concept of the “deficit generated” included in article 92.2c) of the Aviation Safety Act, considering that a real – and not prospective- deficit must be used. Thus, it declares that Aena would fully offset in 2016 the tariff deficit accumulated at 31.12.2013 which, capitalised, amounted according to the CNMC criterion, to 199.2 million euros; compared to the calculation provided by Aena in its proposal, assuming a pending deficit of 555.3 million euros in subsequent years.
- It establishes that the accounting that should be used as a basis for the tariff update for 2016 should reflect in a different way the “costs arising from the retail revenue generated by a larger volume of traffic”, reallocating 69.8 million euros of regulated activities to retail activities (a variation of 41.9 million euros, considering the gradual application of the dual till criterion).

Based on the foregoing, the Resolution establishes that the tariffs of Aena for 2016 should be reduced by 1.9% over those approved for 2015, instead of the tariff freeze proposed by Aena. This amended proposal was approved by Law 48/2015 of 15 October on General State Budgets for 2016, and the lowered tariffs entered into force on 1 March 2016. This has resulted in a cumulative impact on revenues and EBITDA of € 41.6 million at 31 December 2016.

After maintaining a diligent and active position during the preparation of the tariff proposal and subsequent consultation process with the associations or organisations of airlines using the airports under its management, as well as presenting as many arguments as were considered pertinent before the final issue of the Resolution, the main response of Aena consisted in presenting a contentious administrative appeal against said Resolution of the CNMC, which is still pending a final decision.

Note 36, “Acts after the data of the balance sheet” of the annual accounts includes information on approval of the DORA for the 2017-2021 period which occurred on 27 January 2017.

No tax risk has materialised during the financial year.

E.6 Explain the response and supervision plans for the main risks for the entity, including tax risk.

The Aena Risk Management System incorporates response plans to the risk identifying mitigatory activities, actions plans and contingency plans of the risks contained in the Risk Map, based on their valuation or level of criticality, in order to ensure the management of risk within established tolerance parameters.

The mitigatory activities vary according to type of risk and include, among others:

- Operational Security Management System.
- Airport certification plan under EU Regulation no. 139/2014.
- External airport safety and security audits.
- Management Centres for Airport Incidents.
- Self-protection plans and contingency, preparation and response procedures to emergencies.
- Existence of airport security clauses in agreements entered with companies and Aena to carry out their activities at the Company’s airports and heliports.
- Organisational Model and information security Policy.
- Disaster Recovery Plans (DRPs).
- ICT security checks under ISO norm 27002:2013.

- Participation in working groups on regulatory review, including tax regulations.
- Hearing procedures regarding the modification of certain legislation.
- Action procedures to ensure the correct management of plans and projects with an environmental impact.
- Integrated Quality and Environmental Management System, certified by an accredited external entity in accordance with the UNE-EN ISO 9001 and UNE EN-ISO 14.001 standards.
- Management of noise pollution of surrounding towns: preparation of strategic noise maps, noise monitoring systems and flight routes, sound insulation plans.
- Internal Regulations and contracting control systems.
- Investment planning and monitoring procedure.
- Crime prevention model.
- Occupational Risk Prevention System.

In addition, Aena carries out an insurance approach designed to reduce, prevent and transfer existing risks in the airport network and possible complaints that might arise in the performance of its activity, for which Aena has taken out the usual policies for its activity, including:

- Civil Liability Policy- Airport Operator and Air Navigation + Civil Liability War and Terrorism – Aena Group.
- All risk policy for material damages, loss of earnings and breakdown of machinery, loss of profit as a result of terrorism -Aena.

Likewise, to limit Aena's responsibility for the accidents of any company that operates inside airports (handling agents, airlines, suppliers, tenants, etc.), Aena requires these companies to take out different civil liability policies.

## **F INTERNAL SYSTEMS OF RISK MANAGEMENT AND CONTROL RELATED TO ENTITY'S FINANCIAL INFORMATION CONTROL SYSTEM (SCIIF).**

Describe the mechanisms that make up the risk management and control systems in relation to your entity's internal financial information control system (SCIIF)

### **F.1 Entity's control environment**

A report, including main characteristics, on at least:

F.1.1. Which bodies and/or functions are responsible for: (i) the existence and maintenance of an adequate and effective SCIIF; (ii) its implementation; and (iii) its supervision.

The Internal Financial Information Control System (hereinafter SCIIF) in AENA is a process designed to provide a reasonable security in regard to the reliability of the financial information, and, specifically, of the Financial Statements in accordance with generally accepted accounting principles.

The model of responsibilities of this system is articulated via the following bodies and functions which perform, maintain and supervise the process of generating financial information:

- Board of Directors:

As stipulated in the Regulations of the Board of Directors of Aena, the Board is entrusted with the following functions, among others:

- Supervision of the effective functioning of its constituent Committees.
- The presentation of the Financial Statements, the management report and the proposal for application of Company profit, as well as the consolidated Financial Statements and management report, and presentation thereof to the General Shareholder's Meeting.
- Determining the risk control and management policy, including policies related to taxation, and supervising the internal information and control systems.

- Audit Committee:

The Board of Directors shall establish a permanent Audit Committee made up of five External Directors, as the internal informative and consultative body, to which it shall assign the following functions in relation to the information and internal control systems:

- Supervising the process of preparation, presentation and integrity of the essential financial information relating to the Company and, where applicable, the group, presenting to the administration body recommendations or proposals intended to safeguard its integrity, reviewing compliance with regulatory requirements, the adequate definition of the perimeter of consolidation and the correct application of accounting criteria.
- Regularly review the internal control and risk management systems, so that the main risks are identified, managed and properly revealed.
- Evaluating everything relative to non-financial risks in the company –including those operational, technological, legal, social, environmental, political and reputational.
- Supervising the effectiveness of internal control in the Company, the Internal Audit and systems of risk management, discussing with the auditor of accounts any significant weaknesses in the Internal Control System detected during the Audit, all

this without impairing its independence. To these ends, and where applicable, it can make recommendations or proposals to the administration body and the relevant period for their follow-up.

- Establish and supervise a mechanism that enables employees to report in a confidential manner and, if possible and appropriate, anonymously, any irregularities of potential importance, particularly financial and accounting, that they may have detected within the company.
- Ensure the independence of the unit carrying out the role of Internal Auditing; propose the selection, appointment, re-election and dismissal of the head of the Internal Audit service; propose the budget for this service; approve the approach and work plans, ensuring the activity is mainly geared towards the relevant risks of the company; receive regular information on its activities; and verify that senior management takes into account the conclusions and recommendations contained in the reports.

- Finance Department:

The Finance Department ensures the design and operation of the internal control and guarantees compliance with the targets set to ensure the reliability of the financial information regularly prepared.

In the performance of its responsibilities, the Finance Department shall report to the Internal Control Department. The functions of this coordinator are the following:

- Maintain and update the *SCIIF Compliance Handbook*.
- Receive and respond to all consultations regarding the operation of the SCIIF, either directly or with the assistance of the most appropriate experts in each case.
- Identify, along with the management Functional Unit or pertaining airport, the necessary changes to be made in the SCIIF due to modifications of risks, process, systems or the consolidation perimeter.
- Ensure the homogeneity of the SCIIF at the various levels in the Group, via continuous or sporadic assessments.
- Verify that the controls are operational and the scheduled assessments are being carried out.
- Identify training needs in internal control and provide necessary training.
- Update, along with the corresponding management unit, the risk and control matrices as well as the corresponding flow charts in the event of changes in procedures and/or processes.
- Report quarterly to the Internal Audit Department on any change in the risks, controls and evidence in the risk and control matrices, flow charts and the *SCIIF Compliance Handbook* for its consideration for the purpose of updating its review programmes, as well as to report any other change that affects its

configuration and definition, such as changes in levels or hierarchies in Central Systems and airports.

- Inform the Internal Audit Department of any notifications and instructions which are compulsory in relation to the SCIIF.
- Internal Audit:

Aena has an Internal Audit Department which reports to the Chairman of the Board of Directors of Aena and functionally reports to the Audit Committee.

The mission of the Internal Audit Department is to provide to the Chairman of the Company and to the Board of Directors, via the Audit Committee, the analysis, evaluation and efficient supervision of the internal control systems and management of relevant risks of the Company. The purposes of Internal Audit include supervision of the reliability and integrity of the financial information, both accounting and management; the procedures to record them; the information systems; the accounting and data processing; and the procedures used to share this information; and in particular to evaluate the reliability of the SCIIF established.

The people in charge of processes and airports participate in the design, review and updating of the SCIIF in the part that is applicable to them, such that their involvement, the task of the Internal Control Department and the supervision by the Internal Audit Department, enables the Finance Department to evaluate the efficiency and quality of internal control of the financial information.

F.1.2. Whether, in the process of preparation of the financial information, the following elements exist:

- Departments and/or mechanisms responsible for: (i) the design and review of the organisational structure; (ii) clearly defining the lines of responsibility and authority, with a proper distribution of tasks and functions; and (iii) that sufficient procedures exist for correct dissemination thereof in the entity.

The responsibility for the establishment of the bases of corporate organization, in order to guarantee the highest efficiency thereof, pertains to the Board of Directors.

The Appointments and Remuneration Committee is made up of five External Directors and in charge of presenting the proposals for appointment and dismissal of senior executives and for proposing to the Board of Directors the basic terms of their contracts.

The Department of Organisation and Human Resources is responsible for analysing, designing and developing the organisational structure of Aena, guaranteeing it is aligned with the company's strategic targets.

The lines of responsibility, hierarchical levels and functions of each of the posts are defined in the Organisational Handbooks of each Department, where organisational

charts reflect the existing hierarchical structure and the job descriptions outline the objectives, functions and jobs of each of the managerial and responsible posts in the company. All Company employees may access both the organisational chart and the directory of it via the Intranet.

In accordance with these lines of responsibility and authority, the Finance Department is in charge of the process of drawing up the financial information and ensuring that there are sufficient procedures to disseminate this information within the entity.

- Code of conduct, approval body, extent of dissemination and instruction, principles and values included (indicating whether there are specific mentions to the recording of transactions and the preparation of financial information), body responsible for analysing defaults and proposing corrective actions and penalties.

On 30 June 2015 the Board of Directors of Aena approved the Regulatory Compliance Policy, along with the *Code of Conduct* and the Compliance Control and Supervision Body.

At this Board Meeting, the Directors highlighted the importance not only that the employees are aware of this policy and code of conduct, but that the appropriate information is provided. To do so, periodic online training programmes have been offered for all employees and Directors of the company, which consist in taking a course which is accessible via the corporate Intranet whose goals are to prevent or mitigate the risk of committing criminal acts in Aena and to share the Code of Conduct and the Company's Complaints Channel.

The Compliance Control and Supervision Body, reporting to the Board of Directors through the Secretariat of the Board, and made up of the General Management, the Legal Advice and Property Management Department, the Internal Audit Department, the Organisation and Human Resources Department and the Financial Department, was created with autonomous initiative and control powers over all departments in the Company, in order to allow it to carry out the tasks of surveillance and supervision of the *Crime Prevention Model*, with full powers to:

- Request and obtain whatsoever information and documentation it may need to carry out its supervision and control functions on the compliance with the policies and procedures established in the Company, with special emphasis on crime prevention.
- Establish, update and modify in all areas of the Company, whatsoever monitoring and control measures it should deem appropriate, to prevent or mitigate the risk that crimes may be committed in Aena, both by the Company itself and its executives, and by their subordinated personnel.
- Review and certify the *Crime Prevention Model* of Aena.

The purpose of the *Code of Conduct* is to establish Aena's principles and values of ethics, integrity, legality and transparency, which should guide the conduct of everyone

included within its scope of application, both among themselves and in their relations with clients, partners, suppliers and, in general, any individual and organisation, either public or private, with which they interact in the performance of their professional activity.

The section in this *Code* on “*General behaviour guidelines*” distinguishes between those related to the environs, the stakeholders and the image of Aena. Specifically, point 4.9 states that the Company’s relations with clients, suppliers and partner companies must be based on respect, transparency and trust in order to obtain mutual benefit. Likewise, relations with investors and shareholders, as contained in point 4.10, should be based on transparency, trust and sustainable reciprocal benefit, and that to ensure this the principle of official channel of communication through the corporate website ([www.aena.es](http://www.aena.es)) is established, which shall publish all the information that may be of interest to these third parties. Regarding relations with the authorities and public administrations, point 4.11 indicates that they should be guided by institutional respect and transparency. And regarding the image and corporate reputation of Aena, point 4.14 states that everyone subjected to the *Code* must use it correctly and adequately.

Compliance with the *Code* is compulsory and applicable to members of the administrative bodies and to all Aena employees, without exception and regardless of their post, responsibility, occupation or geographic location. They must be familiar with and comply with both the spirit and the meaning of the *Code*. The document is available on the corporate Intranet.

In regard to the financial information, point 4.19 of the *Code of Conduct* sets forth:

*“All the accounting and financial information of Aena must be prepared with reliability and rigour, ensuring at all times that the information of an economic nature that Aena might present to its shareholders and investors, the securities markets or any Administration or public or private supervisory body, is true and complete.*

*In this regard, the Persons Affected by the Code of Conduct responsible for preparing the financial information of Aena must ensure that all the information reflects all of the transactions, events, rights and obligations affecting Aena, and that these have been recorded, classified and valued at the right time and in accordance with the applicable legislation, thus making sure that this information offers a true image of the equity, the financial situation, the profit and loss and cash flows of Aena.*

*Likewise, the persons in charge of preparing the financial information must follow all internal and external control procedures established by Aena in order to guarantee the proper accounting of the transactions and their correct reflection in the financial information published by Aena.*

*The Audit Committee shall supervise the process of presentation of the financial information and the efficacy of the internal control, the Internal and external Audit and the risk management systems”.*

In addition to Aena's *Code of Conduct*, mentioned above, the Company also has an *Internal Code of Conduct of Securities Markets* which is accessible to everyone via the corporate website ([www.aena.es](http://www.aena.es)). It is applicable within the Company and within the companies that are part of the Group, and it is used to set the rules for the management, control and transparent communication of insider information, as well as to impose certain obligations, limitations and prohibitions on the individuals affected and those with insider information. The overarching purpose is to protect the interests of the investors in the shares of the Company and its Group and to prevent and avoid any situation of abuse, in addition to fostering and facilitating its administrators' and employees' shares in the Company's capital within the strictest respect for the laws in force.

- A Complaints Channel that enables the reporting to the Audit Committee of any irregularities of a financial and accounting nature, as well as possible infringements of the code of conduct and irregular activities in the organisation, reporting, as the case may be, if it is of a confidential nature.

Aena has a confidential *Complaints Channel*, where one can check and report on irregularities or failures to comply with the *Code of Conduct*.

According to the *Complaints Channel Management Procedure* with the purpose of establishing a confidential channel of communication to receive reports related to conducts that may entail the commission of an act that runs counter to the law or the Company's policies or procedures, or to the rules of action contained in Aena's *Code of Conduct*.

The *Complaints Channel* is managed by the Management Committee, which depends on the Compliance Control and Supervision Body and is made up of five members on behalf of the Airport Network Department, the Commercial Services and Real Estate Management Department, Legal Advice and Property Management Department, the Internal Audit Department and the Organisation and Human Resources Department. It ensures that all the reports received are analysed independently and guarantees the confidentiality of the identity of the whistleblower and of the accused party(s), informing only the individuals who are strictly necessary in the process. The Management Committee manages, tracks and draws conclusions on the reports submitted.

The purpose of the Compliance Control and Supervision Body is to ensure the proper management and functioning of Aena's Complaints Channel.

- Training and regular refresher programmes for the personnel involved in the preparation and review of the financial information, as well as the assessment of the SCIIF which at least covers accounting rules, auditing, internal control and risk management.

For the Departments involved in the preparation and review of the financial information, as well as the assessment of the Internal Control System, specific training actions on accounting rules, auditing, internal control and risk management have been carried out, to enable the persons responsible to carry out their duties correctly.

Aena also has a training plan whose main mission is to become a key factor in the achievement of strategic objectives and personal and professional development of its workers, covering both the training required for job performance and that designed for the development of the skills required to perform jobs of greater responsibilities. These include masters' programmes, language courses, competency development and others.

A total of 382 individuals received 1,682 hours of training on risk management and insurance issues, and specifically on new tax laws and the Ibero-American sector; preventing money laundering; oversight of financial information; regulatory updates and closing tax and bookkeeping accounts; assessing financial instruments; and tax administration both domestically and in the Mexican and Colombian markets.

Furthermore, training was provided in sales, internal audits and economic planning and control.

Furthermore, as mentioned in the second section of point F.1.2., all workers are given courses on legal content regarding the *Crime Prevention Model* which encompasses the implementation of the *Code of Conduct* and the establishment of the *Complaints Channel*. In 2016, everyone who joined the company or had not yet taken this course was asked to take it, specifically 314 employees with structural jobs and degrees at levels A and B, for a total of 628 hours, and 864 employees at levels C and F for a total of 1,728 hours.

## **F.2 Financial information risk assessment**

Provide information on at least the following:

F.2.1. What are the main characteristics of the risk identification process, including detection of error and fraud, regarding:

- Whether the process exists and is documented.

As explained in Chapter E of this report and in the Consolidated Annual Accounts of the Aena Group, the objectives of its business may be affected by a variety of risks inherent in its activity, the environment in which it works and its regulatory framework,

as well as by certain financial risks, and specifically market risk (including the exchange rate risk and the risk of reasonable value by interest rate), credit risk and liquidity risk.

All of these risks are identified by the Company's Risk Management System and are categorised on the corporate Risk Map.

For those that may entail a material error, the SCIIF has documented all the processes related to transactions, accounts and any other financial information and has determined the scope needed to reasonably ensure the absence of these errors.

To this end, in order to determine the scope of the Internal Control System, we considered the calculation of the materiality of the Consolidated Annual Accounts of Aena and its subsidiaries, applying both quantitative risk factors and factors inherent to the business (growth trends, unusual transactions, possible corporate transactions, processes that generate provisions, depreciations, estimates or calculations based on subjective criteria, and processes with the risk of fraud). As a result, a total of 15 processes with an impact on the financial information have been identified, which encompass both the operational and support activities.

These processes describe the relevant control activities that enable an adequate sufficiently in advance response to the risks associated with the reliability and integrity of the financial information.

- Whether the process covers all of the objectives of financial information (existence and occurrence; integrity; assessment; presentation, breakdown and comparability; and rights and obligations) and whether it is updated and how frequently.

All financial information preparation processes developed in Aena aim at recording all of the economic transactions, valuing the assets and liabilities in accordance with applicable legislation and break down the information in accordance with the requirements of regulators and needs of the market.

Aena analyses each of these material processes in order to ensure that the risks are reasonably covered by the Internal Control System and that this system operates efficiently. It is updated when significant changes in processes occur or as the outcome of the periodic revisions that are performed throughout the financial year.

In each of the process matrices, among other theoretical control data, the objectives of the financial information are clearly marked (existence and occurrence; integrity; assessment; presentation, breakdown and comparability; and rights and obligations) covered by each one.

The Internal Control System is extremely dynamic and adapts to the continuous changes that Aena operations undergo. In this sense, in 2016, the Company implemented a project to optimise and adapt the design, efficiency and quality of the model. This work has been carried out jointly with the persons who are functionally in charge of each process, thus also resulting in an improvement in the understanding and clarity of the model and the expected scope.

- The existence of a process of identification of the consolidation perimeter, taking into account, among other aspects, the possible existence of complex corporate structures, instrumental entities or special purpose vehicles.

The Group encompasses all of the entities that comprise the consolidation perimeter.

To identify the entities that should be part of the consolidation perimeter, a procedure is implemented as part of the SCIIF reporting and consolidation process which is essentially controlled by Aena's Division of Consolidation and Accounting Regulation, and the Administration and Finance Department and Legal Advice Department of Aena International Development, a subsidiary which currently holds the shares of companies in the group and associates which comprise Aena Group's consolidation perimeter.

This procedure allows for the identification of not only those entities over which the Group is able to gain control via the voting rights granted by the direct or indirect participation in the capital thereof, but also of those other entities over which control is exercised by other means. This procedure enables the analysis of whether the Group controls the entity, has rights there over or is exposed to the variable returns thereof, and whether it has the capacity to use its power to influence the amount of the returns. If after this analysis the conclusion is that the Group has control, the entity is added to the perimeter and is consolidated by the global integration method. If this is not the case, one examines whether significant influence or joint control exist. If this is the case, the entity is also added to consolidation perimeter and is valued according to the equity method.

- Whether the process takes into account the effects of other types of risks (operational, technological, financial, legal, tax, reputational, environmental, etc.) insofar as these might affect the financial statements.

As was mentioned earlier in Chapter E, Aena has implemented a Risk Management System which identifies strategic, operational, financial, compliance, information and reputational risk. All risks identified are added and classified in the corporate Risk Map.

In line with the above, the financial information internal control model is applied not only to the processes of preparation of the aforementioned information, but also for all those of an operational or technical nature which may have a relevant impact on the accounting or management figures.

- Which governance body in the company supervises the process.

The supervision of the efficacy of the SCIIF is the responsibility of the Audit Committee. This function must include the risks on Aena financial information targets and the controls set forth by the Management to mitigate such risks.

This supervision is carried out by the Audit Committee on three levels:

- ✓ Supervision of risks: the risks that affect the reliability of financial information are evaluated and supervised.
- ✓ Supervision of the quality and reliability: supervision of the effectiveness of the internal control of the financial information and the preparation of the financial statements.
- ✓ Supervision of Auditing activities: supervision of the work of internal auditors and establishment of the appropriate relations with the external auditors within the framework of their accounts auditing task.

**The purposes of the Management Committee and the Audit Committee in the general process of identifying Aena's risks are described in greater detail in Chapter E above.**

### **F.3 Control activities**

Indicate, mentioning main characteristics, if your entity at least has:

F.3.1. Procedures for review and authorisation of financial information and description of the SCIIF, for publication in the securities markets, indicating persons responsible, as well as documentation describing the flows of activities and controls (including those relating to fraud risk) of the various types of transactions that might materially affect the closing of the accounts and the specific review of the relevant judgements, estimates, valuations and projections.

The company has a *Handbook of Accounting Policies* which is distributed to the finance departments of the subsidiaries along with duly updated instructions on closing and reporting. Based on this *Handbook*, the economic-financial information is developed on an individual basis in each of these Group subsidiaries on a monthly basis and is reviewed by the persons in charge of the closing of the accounts in each of them.

On a quarterly basis, in accordance with the securities markets publication schedule, information on the close of each quarter is supervised in accordance with the following procedure:

- Once the quarterly closure has been carried out and verified in each of the units of the Group, in accordance with the closing instructions issued by the Financial Department, the information is sent to the Division of Consolidation and Accounting Regulation, which is responsible for verifying it to then prepare the consolidated information of the Group in accordance with International Financial Reporting Standards (IFRS).
- The Financial Department, following review and supervision, presents it to the Management Committee for approval.
- Once approved, it is sent to the Audit Committee, which supervises the preparation, presentation and integrity of the mandatory financial information, compliance with regulatory requirements, proper demarcation of the consolidation perimeter and the correct application of accounting criteria. It also contains the report on procedures

agreed upon regarding the revision of certain consolidated financial information of the Group developed by its external auditors.

In the closing of the accounts which come at the end of the six-month period, the Audit Committee also gathers the conclusions of the Group's external auditors.

Likewise, the Audit Committee must inform the Board of Directors, prior to the adoption by the Board of the pertaining decisions on the financial information which, in light of its listed status, the Company must regularly make public.

- For the closing of the year, the plenary of the Board of Directors approves the formulation of the Annual Accounts, the management report and the proposed application of the Company's results, as well as the consolidated accounts and management report, and their submission to the General Shareholder's Meeting. Additionally, for the closing of the quarterly and biannual accounts, it reserves the competency to approve the financial information that the Company should periodically make public.
- Lastly, the information is published in the markets and other public bodies.

The preparation of the financial statements uses estimates made by the Directors of the Company to value some of the assets, liabilities, income, expenses and commitments that are contained therein. Basically these estimates refer to:

- Possible impairment of intangible assets, tangible fixed assets and investment property.
- Useful life of PPE.
- Evaluation of litigation, provisions, commitments, assets and contingent liabilities at closing date.
- Fair value of derivative financial instruments.
- Hypotheses used in the determination of liabilities for commitments to pensions and other commitments to the personnel.

Some of these accounting policies require the application of a significant degree of judgement by Management in selecting the appropriate assumptions to calculate these estimates. These assumptions and estimates are based on their historical experience, the advice of external experts, forecasts and other circumstances and expectations at the close of the period in questions. The valuation of the Management is considered in relation to the global economic situation of the industry of the Group, taking into account the future development of the business. By nature, these judgements are subject to an inherent degree of uncertainty and, therefore, actual results may materially differ from the estimates and assumptions used. In such cases, the values of assets and liabilities would be adjusted.

As was already mentioned in section F.2.1., in its internal control model, Aena has documented all the process that is considers carries a risk of material impact in the preparation of the financial information. In particular, the main processes related to

generating economic information are: closing of the accounts, reporting and consolidation, budgeting and taxes, which are complemented by fixed assets, aeronautic revenues, commercial revenues, car parks, contracts, legal, personnel/payroll, financing, treasury, charges and payments and information systems.

Each SCIIF process and sub-process has a person in charge of the analysis and control of each of the risks associated with the area. In addition, each identified control area has two persons responsible for the evaluation of the efficacy, who carry out the functions of documentation and supervision, in accordance with the established systematic frequency.

These processes are shown via risk and control matrices, as well as flow charts, which describe the relevant control activities that enable an adequate sufficiently in advance response to the risks associated with the reliability and integrity of the financial information.

The managers of the SCIIF request evidence that the controls are being made by the units involved in it, in accordance with the frequency stipulated in each case. This assessment allows, if possible, the identification and information of weaknesses and necessary action plans.

To ensure proper control of the management of the SCIIF, the SAP application GRC Process Control is used to comprehensively manage the system; all the risks and processes are documented in it, and all evaluations of controls are also managed there.

There is also a *Financial Information Internal Control System (SCIIF) Compliance Handbook*, which is reviewed and updated, if necessary, on an annual basis.

F.3.2. Internal control policies and procedures on information systems (among them, on access security, control of changes, operation thereof, operational continuity and segregation of functions), which support the relevant processes in the entity in regards to the preparation and publication of financial information.

In the area of Information Systems Aena has the necessary policies and procedures to cover the risks that might affect the process of preparation of financial information, and gain security as to the operation of the SCIIF.

To facilitate control of those risks, Aena has implemented a solution which entails comprehensive management of the control and compliance process through the development of a matrix defined for the Information Systems process. It includes all the controls needed to mitigate the existing risks in this area. This solution is coordinated by the Company's Department of Information and Communication Technologies.

Below we describe the main policies and procedures associated with the Company's information systems.

By executing an Annual Plan of Security Audits of Information Systems based on information security requirements, results from past audits and legal or regulatory

requirements, the aim is to verify the situation of security of the systems and communications in production, as well as detect potential technical vulnerabilities. On the other hand, Information Security Policies and other Information Systems regulations have been implemented which establish mechanisms of system access control, and there are also operational procedures which define the security requirements of infrastructures and developments.

Continuous monitoring is carried out on the operating systems, databases and applications, in order to detect possible security incidents. In addition, security procedures and configurations of items associated with telecommunications networks (firewalls, routers, etc.) are reviewed, as well as response mechanisms to a potential cyber-attack or incident arising from malware infection.

A User Applications Management Standard has been defined and implemented, which considers the various movements that may form part of the life cycle of an entity in Aena, and guarantees that only users who have been duly authorised by their superiors may access the applications and have the right profile for the performance of their functions.

Through the monitoring carried out on the users accessing with administration permits or privileges to platforms and systems which support the business units, one can control that only authorised users are using the system. On the other hand, in order to restrict the access at physical security level, an Access Procedure to the CPDs of Aena has been implemented.

A Disaster Recovery Plan has been implemented designed to ensure recover of information systems considered as critical by the business areas. In addition, procedures are in place to carry out the monitoring of systems and applications (system availability, storage, network capacity, etc.) as well as the performance of security backups.

In the area of development and management of changes, methodologies base don ITIL good practices are used. It also uses a Secure Development Rule, a Change Management Policy and a Procedure of Applications Deployment to ensure the quality of the software produced, as well as an adequate methodology when performing the maintenance and the implementation of new infrastructures (networks, servers, base software, etc.).

Finally, in order to be informed of the situation of the systems at any time, Aena has an updated Systems Plan, with the information on the inventory or systems and actions planned thereon.

Additionally, in order to improve the quality of the services and lower the security risks, Aena is currently involved in the process of implementing tools which use specific applications to manage role matrixes and segregation of functions, identities and privileged accounts, as well as to regulate control of access to the Company's web or having a security solution system against persistent advanced threats and management of security events and information.

F.3.3. Internal control policies and procedures designed to supervise the management of third party subcontracted activities, as well as those aspects of the evaluation, calculation or appraisal entrusted to independent third parties that might material affect the financial statements.

Generally speaking, Aena does not outsource any activity regarded as relevant and/or significant that could materially affect financial information.

In 2016, the activities in this field related solely to the evaluation of pension liabilities in a few subsidiaries, the evaluation of the Group's real estate portfolio, and estimates of the provision needed to deal with labour commitments and similar obligations.

In all cases, Aena assures the competency and technical and legal qualifications of the professionals hired in accordance with the evaluation and technical solvency criteria established in Aena's General Rules on Internal Contracting.

#### **F.4 Information and communication**

Indicate, mentioning main characteristics, if your entity at least has:

F.4.1. A specific functions in charge of defining, keeping updated the accounting policies (area or department of accounting policies) and solve doubts or conflicts arising from their interpretation, maintaining fluid communication with the heads of the operations in the organisation, as well as an accounting policy handbook that is updated and has been passed to the units in the entity.

The Consolidation and Accounting Regulation Division, which is part of the Financial Department, is responsible for the preparation, implementation, communication and update of the Group's accounting policies.

It is also responsible for permanently keeping the handbook of accounting policies of the Group updated and to ensure proper dissemination thereof.

To do so, the Division of Consolidation and Accounting Regulation analyses whether the accounting novelties affect the accounting policies of the Group, as well as the date of entry into force of each of the rules. When it is deemed that the new regulations or interpretations thereof have an effect on the accounting policies of the Group, these are added to the handbook, also communicating this fact to the persons responsible for preparing the financial information of the Group via appropriate instructions.

F.4.2. Mechanisms to capture and prepare the financial information with homogeneous formats for use by all the units in the entity or the group, which support the main financial statements and the notes, as well as the information provided on the SCIIF.

The process of consolidation and preparation of the financial information is carried out in a centralised manner coordinated by the Division of Consolidation and Accounting Regulations, supervised by the Financial Department.

For the purposes of the preparation of the annual, six-monthly, quarterly and monthly financial information, the Group has a procedure that works in the following way to obtain the information required for the preparation:

- The financial information obtained on a six-monthly basis from each individual entity is reviewed and supervised by the managers of these companies. It is homogenised centrally at Group level and reviewed by a series of established controls. This homogenised information is added via consolidation procedures and the necessary adjustments are made to obtain the consolidated financial statements of the Group.
- In order to prepare the consolidated financial statements, annual and six-monthly, quarterly and monthly, there is a homogeneous reporting package that has been developed internally that allows all the information to be centrally added in relation to the breakdowns required by international regulations.

Specific controls are carried out to validate the information received at centralised level and on the resulting consolidated financial information. These controls are designed to validate equity items, significant variations and other verifications that the Consolidation Division deems necessary to ensure that the financial information has been properly captured and processed.

Every year the reporting package is updated with the regulatory modifications that might take place and require information to be received from the Group subsidiaries.

The financial information reported to the National Securities Market Commission (CNMV) is prepared on the basis of consolidated financial statements, as well as certain additional information reported by the subsidiaries, required for the preparation of the annual and/or six-monthly report. In parallel, specific controls are carried out to validate that information.

## **F.5 Supervision the operation of the system**

Indicate, stating main characteristics, at least in regarding:

F.5.1. The SCIIF supervision activities carried out by the Audit Committee as well as whether the entity has an Internal Audit function whose duties include providing support to the Committee in its task of supervision the internal control system, including the SCIIF. Also indicate the extent of the evaluation of the SCIIF carried out in the year and the procedure used by the person carrying out the evaluation informs of the results, whether the entity has an action plan with a list of potential corrective measures and whether its impact on the financial information has been considered.

The Audit Committee has carried out, among others, the following activities during the year in regard to the SCIIF supervision activities:

- It has reviewed the Consolidated Financial Statements of the Group and the regular financial information – quarterly and six-monthly- that must be provided to the markets and to the regulator, ensuring compliance with regulatory

requirements and the proper application in the preparation of generally accepted accounting principles.

- It has reviewed the scope of the professional mandate of the external auditors, supervising compliance with their contract and with independence requirements and periodically evaluation their results.
- It has approved the annual report on activities of the Internal Audit Department, the budget and the annual audit plan.
- It has analysed the annual audit plan of the external auditors which includes the audit objectives based on the assessment of financial information risks, as well as the main areas of interest or significant transactions subject to review in the year.
- It has reviewed along with the external auditors and Internal Audit the recommendations for improvement of the Internal Control System detected, as the case may be, in the course of the various auditing and review tasks, finding out about the proposed actions plans designed for solution thereof.

As already mentioned in section F.1.1., Aena has an Internal Audit Department which reports to the Chairman of the Board of Directors of Aena and functionally reports to the Audit Committee.

The mission of the Internal Audit Department is to provide to the Chairman of the Company and to the Board of Directors, via the Audit Committee, the analysis, evaluation and efficient supervision of the internal control systems and management of relevant risks of the Company. This mission is carried out by exercising an independent and objective activity of assurance and advice, designed to add value and improve the transactions in the organisation, contributing towards good corporate governance and reducing the impact of the risks in the achievement of Aena targets to reasonable levels.

Among the functions of the Audit Committee that affect Internal Audit are the proposal of the appointment and dismissal of the head of the division, propose the budget for the unit and approve the approach and work places, making sure the activity is focused on relevant risks.

The Internal Audit team leads the development of its functions with support from outside companies in certain jobs.

The scope of action of Internal Audit includes all companies that belong to the Aena Group. It is therefore a centralised function of a corporate scope, which carries out its work in any company, process, area or system, national or international, managed by Aena or the subsidiaries it controls.

Among the Internal Audit functions are the supervision of the reliability and integrity of the financial information, both accounting and management; the procedures for registration; information systems; accounting and data processing; and procedures used to communicate this information; and in particular, evaluate the reliability of the SCIIF used.

Internal Audit drafts a pluri-annual plan for regular review of the SCIIF that is submitted for the approval of the Audit Committee once a year. This pluri-annual plan involves the performance of reviews of the SCIIF to the significant processes and components of the financial statements of the Group, establishing review priorities according to risks identified and the materiality of balances and transactions affected.

In particular the following are reviewed: the design, effective operation and adequate documentation of key transactional and supervision codes and the general controls of the main software applications involved in the preparation of the financial information. In order to carry out its tasks, Internal Audit uses different auditing techniques, mainly interviews, analytical reviews, specific control tests and substantive tests.

The results of the work, along with the corrective measures proposed, if any, are reported to the Financial Department and to the units responsible for the audited process or centre. The implementation of these measures is subject to subsequent monitoring by Internal Audit.

During financial year 2016, Internal Audit reviewed two of the 15 corporate processes identified in Aena's SCIIF, and it reviewed SCIIF's controls applicable in four of the largest airports in the network. It also performed a detailed follow-up on the reviews from previous financial years related to 12 other corporate processes and six airports.

F.5.2. Whether the company has a discussion procedure whereby the accounts auditor (in accordance with what is set forth in the NTAs), the Internal Audit staff and other experts are able to inform senior management or company directors of the significant weaknesses in internal control identified during the processes of review of financial statements or any others entrusted to them. In addition, inform whether there is an action plan to try to correct or mitigate any observed weaknesses.

.

The Board of Directors Regulations of Aena established that among the competencies of the Audit Committee are the following:

- Regularly receive from external auditors information on the results of the execution of the audit plan and verify that Senior Management takes its recommendations into account.
- Establish the appropriate relations with the accounts auditor to receive information on the issues related to the accounts auditing process, as well as the communications set forth in the legislation on accounts auditing and auditing regulations.
- Discuss with the accounts auditor any significant weaknesses of the Internal Control System detected in the course of the audit.
- Ensure that the Board of Directors presents the Financial Statements to the General Shareholder's Meeting without limitations or qualifications in the audit report.

In accordance with what is set forth in said Regulations, in the meetings prior to the preparation of the financial information held between the Audit Committee and the

external auditors, any existence discrepancy in criteria must be discussed. In turn, the external auditors report, as the case may be, on the main aspects for improvement of the internal control that they have identified in the course of their work. In addition, the Senior management reports on the degree of implementation of the various plans of actions established to correct or mitigate the aspects identified.

On the other hand, the Regulations of the Board of Directors of Aena establishes that among the functions of the Audit Committee is to receive regular information on Internal Audit activities, and verify that the Senior Management takes its conclusions and recommendations into account.

Internal Audit regularly monitors the incidents and recommendations included in their reports, with the affected departments/units. Subsequently it informs both the Management Committee and the Audit Committee of the status of the main points outstanding and the evolution of the associated action plans.

#### **F.6 Other relevant information**

No other relevant information.

#### **F.7 External auditor report**

Indicate whether:

F.7.1. The SCIIF information sent to the markets has been reviewed by the external auditor, in which case the entity should include the pertaining report as an appendix. If this is not the case, it should explain why.

Aena has deemed it appropriate to request from the External Auditor the issue of a report on the information regarding the Financial Information Internal Control System (SCIIF).

#### **G EXTENT TO WHICH THE CORPORATE GOVERNANCE RECOMMENDATIONS ARE FOLLOWED**

Indicate extent to which the company has followed the recommendations of the Code of Good Governance of listed companies.

In the event that any recommendation is not followed or is only followed in part, a detailed explanation of the reasons must be provided so that the shareholders, the investors and the market in general have enough information to judge the decision of the company. General explanations shall not be acceptable.

- 1. That the Company Bylaws of the listed companies do not exceed the maximum number of votes that one same shareholder may cast, nor contain other restrictions which prevent taking control of the company by means of acquisition of the shares in the market.**

Meets X Explain ☐

2. That when a parent company and a dependent company are both listed, that they both accurately and publicly define:

- a) Their respective areas of activity and potential business relationships between them, as well as those of the listed dependent company with other group companies.
- b) The mechanisms in place to solve potential conflicts of interest which might arise.

Meets ☐ Partially meets ☐ Explain ☐ Not applicable X

3. That during the holding of the ordinary General Shareholder's Meeting, as an addition to the dissemination in writing of the annual corporate governance report, the chairman of the Board of Directors should verbally inform the shareholders, in sufficient detail, of the most relevant aspects of the corporate governance of the company and, in particular:

- a) Of the changes that have occurred since the last ordinary general meeting.
- b) Of the specific reasons why the company does not follow some of the recommendations of the Code of Corporate Governance and, if any, the alternative rules applied to this matter

Meets X Partially meets ☐ Explain ☐

4. That the company should define and promote a policy of communication and contacts with shareholders, institutional investors and voting advisers that is fully respectful of the rules against market abuse and affords the same treatment to shareholders in the same position.

And that the company should make this policy public via its website, including information on the way it has been put in practice and identifying the interlocutors or persons responsible for carrying this out.

Meets X Partially meets ☐ Explain ☐

5. That the Board of Directors does not refer to the meeting a proposal of delegation of powers to issue shares or convertible securities excluding the right to preferential purchase, for an amount above 20% of the capital at the time of delegation.

And that when the Board of Directors approves any issue of shares or convertible securities with exclusion of the preferential right of purchase, the

**company should immediately publish on its website the reports on this exclusion referred to in the mercantile legislation.**

Meets X

Partially meets ☐

Explain ☐

- 6. That the listed companies prepare the reports shown below, whether mandatorily or voluntarily, publish them in their website sufficiently in advance of the ordinary general meeting, even if publication is not obligatory:**

**a) Report on auditor's independence.**

**b) Reports on the operation of the audit and appointments and remuneration committees.**

**c) Report from the audit committee on RELATED PARTY TRANSACTIONS.**

**d) Report on the corporate social responsibility.**

Meets X

Partially meets ☐

Explain ☐

- 7. That the company broadcasts live, via its website, the general shareholders' meetings.**

Meets X

Explain ☐

- 8. That the audit committee ensures that the Board of Directors presents accounts to the General Shareholder's Meeting without limitations or qualifications in the audit report and that, in the exceptional event that qualifications should exist, both the chairman of the audit committee and the auditors clearly explain to the shareholders the content and extent of said limitations or qualifications.**

Meets X

Partially meets ☐

Explain ☐

- 9. That the company publishes on its website, on a permanent basis, the requirements it will accept as proof of share ownership, the right to attend the General Shareholder's Meeting and delegation of voting rights.**

**And that such requirements and procedures should favour the attendance and exercise of their rights for the shareholders and that these are applied in a non-discriminatory way.**

Meets X

Partially meets ☐

Explain ☐

- 10. That when a legitimate shareholder has exercised, prior to the holding of the**

**General Shareholder's Meeting, the right to complete the agenda or make new proposals, the company:**

- a) Immediately disseminates the additional items and new agreement proposals.**
- b) Makes public the attendance card or proxy vote form with the notifications required to vote on the new items on the agenda and alternative agreement proposal under the same terms as those proposed by the Board of Directors.**
- c) Submits all such points and alternative proposals to voting and applies the same voting rules as to those made by the Board of Directors including, in particular, the presumptions or deductions on the vote outcome.**
- d) Subsequently to the General Shareholder's Meeting, it should disclose the breakdown of the vote on such additional points or proposals.**

Meets X      Partially meets ☐      Explain ☐      Not applicable ☐

- 11. That, in the event that the company plans to pay attendance bonuses for the general shareholders meeting, it establishes, previously, a policy regarding such bonuses and that this policy is stable.**

Meets ☐      Partially meets ☐      Explain ☐      Not applicable X

- 12. That the Board of Directors performs its duties with a single purpose and independent judgement, treats all shareholders in the same position equally and is moved by social interest, understood as the pursuit of a profitable and sustainable business in the long term that promotes continuity and maximisation of the economic value of the company.**

**And that in the pursuit of the social interest, as well as respect for the laws and regulations and a conduct based on good faith, ethics and respect for generally accepted customs and good practices, it endeavours to reconcile the social interest with, as the case may be, the legitimate interests of its employees, suppliers, customers and other stakeholders who may be affected, as well as the impact of the activities of the company in the community at large and the environment.**

Meets X      Partially meets ☐      Explain ☐

- 13. That the Board of Directors has the right size to achieve a good and participative operation, recommending it has between five and fifteen**

members.

Meets X

Explain ☐

**14. That the Board of Directors approves a director selection policy that:**

- a) Is specific and verifiable.
- b) Ensures that the proposals for appointment or re-election are based on a prior analysis of the needs of the Board of Directors.
- c) Encourages the diversity of knowledge, experience and gender.

**That the result of the prior analysis of the Board of Directors is contained in the explanatory report from the appointments committee that is published at the summons of the General Shareholder's Meeting at which the ratification, appointment or re-election of each director is to be made.**

**And that the director selection policy promotes the target that by 2020 the number of women directors accounts for at least 30% of total directors of the board.**

**The appointments commission shall annually verify the compliance with the policy of director selection and shall report thereon in the annual corporate governance report**

Meets X

Partially meets

Explain

**15. That the proprietary and independent directors are a large majority of the Board of Directors and that the number of executive directors is kept at the lowest, taking into account the complexity of corporate group and the percentage participation of the executive directors in the capital of the company.**

Meets X

Partially meets ☐

Explain ☐

**16. That the percentage of proprietary directors over the total non-executive directors is not larger than the proportion between the capital of the company represented by such directors and the rest of the capital.**

**This criterion may be attenuated:**

- a) In highly capitalised companies where there are few shareholdings that can be legally considered significant.

- b) **In the event of companies in which there is a plurality of shareholders represented in the board and who are not related parties.**

Meets X

Explain ☐

17. **That the number of independent directors accounts for at least half of the total number of directors.**

**That, however, when the company is not highly capitalized or, even if it is, has one shareholder or several shareholders acting in concert, who control more than 30% of the share capital, the number of independent directors represents, at least, one third of the total number of directors.**

Meets X

Explain ☐

18. **That the companies disclose publicly, and keep up to date, the following information on their directors:**

- a) **Professional and biographical profile.**
- b) **Other Board of Directors they belong to, whether or not they are listed companies, as well as other remunerated activities carried out irrespective of nature.**
- c) **Indication of the category of director to which they belong, indicating, in the case of proprietary directors, the shareholder they represent or to which they are related.**
- d) **Date of first appointment as director of the company, as well as subsequent re-elections.**
- e) **Company shares and options thereon which they own.**

Meets X

Partially meets ☐

Explain ☐

19. **That in the annual corporate governance report, following verification by the appointments committee, reasons are provided why proprietary directors have been appointed at the request of shareholders whose shareholding is less than 3% of the capital; and that they explain why they have not attended, as the case maybe, formal requests for presence in the board from shareholders whose shareholding is the same or higher than those at whose request proprietary directors have been appointed.**

Meets ☐

Partially meets ☐

Explain ☐

Not applicable X

20. That the proprietary directors present their resignation when the shareholder they represent fully transfers his shareholding. And that this is also done, in the appropriate proportion, when this shareholder should reduce his shareholding to a level that calls for a reduction in the number of proprietary directors.

Meets Partially meets ☐ Explain ☐ Not applicable X

21. That the Board of Directors does not propose any dismissal of any independent director before the end of the term for which he has been appointed, except in the event of a just cause, in the judgement of the Board of Directors following a report from the appointments committee. In particular, just cause is deemed to exist when the director goes on to occupy new positions or undertakes new obligations that prevent him from dedicating the necessary time to the tasks inherent to the role of director, should fail to the duties inherent to his office or should be involved in any of the circumstances that cause him to lose his status as independent, in accordance with what is set forth in applicable legislation.

The dismissal of independent directors may also be proposed as a result of takeover bids or similar corporate operations which bring about a change in the company's capital structure, when such changes in the Board of Directors are brought about by the proportionality criterion mentioned in recommendation 16.

Meets X Explain ☐

22. That the companies set forth rules that oblige the directors to inform and, as the case may be, resign in cases that might harm the credibility or reputation of the company and in particular, they should be obliged to inform the Board of Directors of any criminal proceedings in which they are indicted, as well as any subsequent prosecution events.

And that if a director is prosecuted and oral hearing proceedings should be commenced against him for any of the crimes listed in corporate legislation, the board of directors must examine the case as soon as possible and, in light of the specific circumstances, decide whether or not the director should continue in office. And the Board of Directors shall provide a reasoned explanation thereof in the annual corporate governance report.

Meets X Partially meets ☐ Explain ☐

23. That all directors should clearly state their opposition when they consider that a proposal for consideration may be contrary to the social interest. And

**that this is also done especially by the independent and other directors not affected by the potential conflict of interest, in the event of decisions that may harm the shareholders that are not represented in the Board of Directors.**

**And that when the Board of Directors adopts significant or reiterated decisions regarding which the director has made serious objections, the director should act accordingly and, if he should decide to resign, he must explain the reasons in the letter mentioned in the following recommendation.**

**This recommendation is also applicable to the secretary of the Board of Directors, even if not a director.**

Meets X      Partially meets ☐      Explain ☐      Not applicable ☐

- 24. That when whether due to resignation or another reason, a director should terminate his office prior to the end of his term, he must explain the reasons in a letter addressed to all members of the Board of Directors. And notwithstanding that this termination is reported as relevant event, the reason for the termination must be mentioned in the annual corporate governance report.**

Meets X      Partially meets ☐      Explain ☐      Not applicable ☐

- 25. That the appointments committee ensures that the non-executive directors have sufficient availability of time to properly carry out his functions.**

**And that the board regulations establish the maximum number of company boards of which its directors may be members.**

Meets X      Partially meets ☐      Explain ☐

- 26. That the Board of Directors meets with the necessary frequency to perform its duties efficiently and, at least, eight times a year, according to the schedule of dates and matters established at the start of the year, each director being able to individually propose other points in the agenda additional to those initially established.**

Meets X      Partially meets ☐      Explain ☐

- 27. That the lack of attendance by directors is reduced to unavoidable cases and that they are quantified in the annual corporate governance report. And when they must occur, proxies are appointed with instructions.**

Meets X      Partially meets      Explain ☐

- 28. That when one of the directors or the secretary should voice a concern about**

**any proposal or, in the case of the directors, on the performance of the company and such concerns are not solved in the Board of Directors meeting, at the request of whoever has raised them, this is recorded in the minutes.**

Meets X      Partially meets ☐      Explain ☐      Not applicable ☐

- 29. That the company establishes the appropriate channels for directors to take the advice required to carry out their duties including, if required by the circumstances, external advice at the expense of the company.**

Meets X      Partially meets ☐      Explain ☐

- 30. That, irrespective of the knowledge required from directors to perform their duties, the companies must also offer their directors knowledge refresher programmes when called for.**

Meets X      Partially meets ☐      Explain ☐

- 31. That on the agenda of the meetings the points on which the board must make a decision or agreement is clearly marked, so that the directors may study or gather, prior to the meeting, information thereon.**

**When exceptionally for reasons of urgency the chairman should wish to submit to the board decisions or agreements not contained in the agenda, the prior and express consent of the majority of attending directors will be necessary, and will be duly recorded in the minutes.**

Meets X      Partially meets ☐      Explain ☐

- 32. That the directors are regularly informed of the movements in the shareholding and of the opinion that significant shareholders, investors and rating agencies have of the company and the group.**

Meets X      Partially meets ☐      Explain ☐

- 33. That the chairman, as the person responsible for the efficient operation of the Board of Directors, as well as exercising the functions legally and statutorily attributed to him, should prepare and submit to the board, a programme of dates and matters to discuss; organise and coordinate the periodical evaluation of the board, as well as that of the first executive of the company, as the case may be; should be responsible for the management of the board and its efficiency; should ensure that sufficient time is dedicated to discussion of strategic matters; and should agree and review the knowledge refresher programmes for each director, when called for.**

Meets X

Partially meets ☐

Explain ☐

34. That when the figure of the director coordinator exists, the Company Bylaws or the regulations of the Board of Directors, as well as the powers legally attributed to him, grant him the following: chair the meeting in the absence of the chairman and the deputy chairmen, if any; voice the concerns of non-executive directors; maintain contacts with investors and shareholders to find out their points of view and get an idea of their concerns, in particular, in regard to the corporate governance report of the company; and coordinate the chairman's succession plan.

Meets X

Partially meets ☐

Explain ☐

Not applicable ☐

35. That the secretary of the Board of Directors should particularly ensure that in its actions and decisions the Board of Directors applies the good governance recommendations contained in this Code of good governance that may be of application to the company.

Meets X

Explain ☐

36. That the Board of Directors once a year evaluates and adopts an action plan to correct the deficiencies detected regarding:

- a) The quality and efficiency of the operation of the Board of Directors.
- b) The operation and composition of its committees.
- c) The diversity in composition and competencies in the Board of Directors.
- d) The performance of the chairman of the board and of the first executive of the company.
- e) The performance and contribution of each director, paying special attention to the heads of the various board committees.

In order to evaluate the various commissions, the reports presented at the board meeting shall be used and in regard to board itself, that presented by the appointments committee.

Every three years the Board of Directors shall be assisted in the evaluation by an external consultant, whose independence shall be verified by the appointments committee.

The business relations that the consultant or any company in his group has with the company or any company in its group must be detailed in the annual corporate governance report.

**The process and areas evaluated shall be described in the annual corporate governance report.**

Meets ☒ X

Partially meets ☐

Explain ☐

- 37. That when there is an executive committee, the structure of participation of the various categories of directors should be similar to that of the board itself, and that the secretary is included in this committee.**

Meets ☐

Partially meets ☒ X

Explain ☐

Not applicable ☐

The president and his secretary are the same as on the Board of Directors, but the participation structure is not the same as that of the Board itself, since art.42.4. of the Company Bylaws and 22 (i) 3 of the Regulations of the Board of Directors, establish:

*“The Executive Committee shall be formed by the Chairman of the Board of Directors, three (3) Proprietary Directors and one (1) Independent Director”*

This composition is the result of the privatisation process of the Aena, whose privatisation commission approved the abovementioned composition and which appears in the prospectus of admission to trading.

- 38. That the Board of Directors is always aware of the matters discussed and decisions made by the executive committee and that all the members of the board receive a copy of the minutes of the executive committee meetings.**

Meets ☒ X

Partially meets ☐

Explain ☐

Not applicable ☐

- 39. That the members of the audit committee and especially its chairman are appointed taking into account their knowledge and experience in accounting, auditing or risk management, and that most of these members are independent directors.**

Meets ☒ X

Partially meets ☐

Explain ☐

- 40. That under the supervision of the audit committee, a unit is set up to assume the internal audit function to ensure the good working order of the information systems and internal control and that it reports to the non-executive chairman of the board or that of the audit committee.**

Meets ☒ X

Partially meets ☐

Explain ☐

- 41. That the head of the unit assuming the internal audit function presents to the audit committee its annual work place, directly reports any incidents in the**

**development thereof and submits an activity report at the end of each year.**

Meets X      Partially meets ☐      Explain ☐      Not applicable ☐

**42. That, in addition to those set forth in the law, the audit committee should have the following functions:**

**1. In relation to information and internal control systems:**

- a) Supervise the process of preparation and the integrity of the financial information of the company and, as the case may be, of the group, reviewing compliance with regulatory requirements, the proper demarcation of the consolidation perimeter and the correct application of accounting criteria.**
- b) Watching over the independence of the unit which takes on the function of internal audit; proposing the selection, appointment, re-election and cessation of the internal audit service manager; proposing the budget for this service; approving the orientation and working plans, ensuring that its activity is focused principally towards the company's relevant risks; receiving information regularly on its activities; and verifying that the top management takes into account the conclusions and recommendations of its reports.**
- c) Establish and supervise a mechanism that enables employees to report in a confidential manner and, if possible and appropriate, anonymously, any irregularities of potential importance, particularly financial and accounting, that they may have detected within the company.**

**2. In relation with the external auditor:**

- a) In the event of the external auditor's resignation, examining the circumstances causing it.**
- b) Ensure that the remuneration of the external auditor for his work does not compromise its quality or independence.**
- c) Ensure that the company reports the change of auditor as a relevant event to the CNMV along with a declaration on the potential existence of disagreements between the outgoing and the incoming auditor and, if any, the content thereof.**
- d) Ensure that the outgoing auditor annually holds a meeting with the Board of Directors to inform it of the work done and the**

evolution of the accounting situation and risks of the company.

- e) **Ensure that the company and the external auditor respect the rules in force on provision of services other than auditing, the limits on the concentration of the auditor's business and, in general, all other rules on the independence of the auditors.**

Meets X

Partially meets ☐

Explain ☐

43. **That the Audit Committee may call any employee or executive of the company, and even decide that they appear without the presence of any other executives.**

Meets X

Partially meets ☐

Explain ☐

44. **That the audit committee is informed of operations of structural and corporate modification that the company plans to carry out, for previous analysis and a report for the Board of Directors on the economic conditions and accounting impact and, especially, as the case may be, on the exchange ratio proposed.**

Meets ☐

Partially meets ☐

Explain ☐

Not applicable X

45. **That the risk control and management policy identifies at least:**

- a) **The different types of risk, financial and non-financial (including operational, technological, legal, social, environmental, political and reputational) to which the company is exposed, where financial and economic risks include contingent liabilities and other off-balance sheet risks.**
- b) **The setting of the level of risk that the company deems acceptable.**
- c) **The measures in place to mitigate the impact of identified risks, in the event that they should materialise.**
- d) **The information and internal control systems that will be used to manage said risks, including contingent liabilities and off-balance sheet risks.**

Meets X

Partially meets ☐

Explain ☐

46. **That under the direct supervision of the audit committee or, as the case may be, a specialist committee of the Board of Directors, an internal risk control and management function is carried out by an internal department or unit of the company that has been expressly attributed the following functions:**

- a) **Ensure the good working order of the risk control and management systems and, in particular, that all the important risks affecting the company are identified, managed and quantified.**
- b) **Participating actively in the preparation of the risk strategy and in important decisions on its management.**
- c) **Ensure that the risk control and management systems adequately mitigate the risks within the framework of the policy defined by the Board of Directors.**

Meets X      Partially meets      Explain ☐

- 47. That the members of the appointments and remuneration committee- or the appointments committee and the remuneration committee, if separate – are appointed ensuring that they have the knowledge, aptitudes and experience required for the functions they must perform and that the majority of such members are independent directors.**

Meets X      Partially meets ☐      Explain ☐

- 48. That the highly capitalised companies have separate appointments committee and remuneration committee.**

Meets ☐      Explain X      Not applicable ☐

Aena, SA, is a listed State limited company which, in accordance with the Report by the Attorney General dated 15 February 2016, is subject to the applicable regulations governing the public sector, which prevail over Private Law regulations, given the imperative and special character of the public regulations.

Specifically, in terms of remuneration, Aena SA is subject to the public remuneration policy, mainly set forth in Royal Decree-Law 3/2012 of 10 February on urgent measures relating to the remuneration for the heads and executives of the public sector, and its implementing legislation, in particular Royal Decree 451/2012 of 5 March and the Order from the Ministry of the Treasury and Public Administrations of 8 January 2013.

Therefore, it is understood that unfolding in two different commissions the Appointments and Remunerations Committee lacks practicality and is totally ineffective, as competition in compensation matters is established by the Ministry of Finance and Public Administration, in accordance with the above rules.

- 49. That the appointments committee consults the chairman of the Board of Directors and the first executive of the company particularly when dealing with matters related to the executive directors.**

**And that any director is able to request from the appointments committee to take into consideration, if deemed suitable, potential candidates to cover director vacancies.**

Meets X      Partially meets ☐      Explain ☐

**50. That the remuneration committee performs its duties with independence and that, as well as the functions attributed by law, it has the following:**

- a) Propose to the Board of Directors the basic terms of the contracts of senior executives**
- b) Verify compliance with the remuneration policy established by the company.**
- c) Periodically review the remuneration policy applied to the directors and senior executives, including share remuneration packages and their application, as well as guarantee that their individual remuneration is in line with that paid to other directors and senior executives of the company.**
- d) Ensure that potential conflicts of interest do not harm the independence of the external advice provided to the committee.**
- e) Verify the information on remuneration of directors and senior executives contained in the various corporate documents, included the annual director remuneration report.**

Meets ☐      Partially meets X      Explain ☐

The functions mentioned in this Recommendation were included in art. 24 of the Regulations of the Board of Directors after being amended, which regulates the competencies of the Appointments and Remuneration Committee, although it cannot fulfil some of them or act independently in matters involving remuneration as it is subjected to the prevailing public regulations.

**51. That the remuneration committee consults the chairman and first executive of the company, particularly when involving matters regarding executive directors and senior executives.**

Meets ☐      Partially meets ☐      Explain X

Aena, SA, is a listed State limited company which, in accordance with the Report by the Attorney General dated 15 February 2016, is subject to the applicable regulations governing the public sector, which prevail over Private Law regulations, given the imperative and special character of the public regulations.

Specifically, in terms of remuneration, Aena SA is subject to the public remuneration policy, mainly set forth in Royal Decree-Law 3/2012 of 10 February on urgent measures relating to the remuneration for the heads and executives of the public sector, and its implementing legislation, in particular Royal Decree 451/2012 of 5 March and the Order from the Ministry of the Treasury and Public Administrations of 8 January 2013.

The remuneration of the directors is predetermined by public legislation, which prevails over the capital companies legislation, set forth by the Ministry of the Treasury and Public Administrations of 8 January 2013, and therefore the appointments and remunerations committee is not able to consult the chairman and first executive of the company on matters relating to remuneration.

**52. That the rules of composition and operation of the supervisory and control committees are included in the regulations of the Board of Directors and that they are in line with those applicable to legally obligatory committees in line with the above recommendations, including:**

- a) That they are exclusively made up of non-executive directors, with a majority of independent directors.**
- b) That their chairmen are independent directors.**
- c) That the Board of Directors designates members of these committees taking into consideration knowledge, aptitudes and experience of the directors and the tasks of each committee, that it first deliberates about its proposals and reports; and that it reports in the first board meeting held after their meetings, reporting on activity and work performed.**
- d) That the committees are able to call in external help when deemed necessary for the exercise of their functions.**
- e) That minutes are drawn up of their meetings, made available to all directors.**

Meets X      Partially meets ☐      Explain ☐      Not applicable ☐

**53. That the supervision of the rules of corporate governance, of the internal codes of conduct and the corporate social responsibility policy is attributed to one or several committees of the Board of Directors, which may be the audit committee, the appointments committee, the corporate social responsibility committee, if any, or a specialist committee that the Board of Directors, in the exercise of its powers of self-organisation, decides to create for this purpose, to which the following minimum functions are specifically**

attributed:

- a) The supervision of the compliance with internal codes of conduct and corporate governance rules of the company.
- b) The supervision of the communication strategy and relationship with investors and shareholders, including small and medium shareholders.
- c) The periodically evaluation of the adequacy of the corporate governance system of the company, in order to ensure it fulfils its purpose of promoting social interest and takes into account, as the case may be, the legitimate interests of all other stakeholders.
- d) The review of the corporate social responsibility policy of the company, ensuring that this is focused on creation of value.
- e) The follow up of the strategy and corporate social responsibility and the evaluation of degree of compliance.
- f) The supervision and evaluation of the processes in relation to the various stakeholders.
- g) The evaluation of everything related to non-financial risk of the company – including operational, technological, legal, social environmental, political and reputational risks.
- h) The coordination of the reporting process of non-financial information and on diversity, in accordance with the applicable legislation and international standards of reference.

Meets X      Partially meets ☐      Explain ☐

**54. That the corporate social responsibility includes the principles or commitments assumed by the company voluntarily in its relationship with the various stakeholders, and identifies at least:**

- a) The objectives of the corporate social responsibility and the development of support instruments.
- b) The corporate strategy related to sustainability, the environment and social issues.
- c) Specific practices related to: shareholders, employees, customers, suppliers, social issues, environment, diversity, fiscal responsibility, respect for human rights and prevention of unlawful conducts.

- d) **The methods or systems to monitor results of the application of specific practices mentioned in the previous point, associated risks and management thereof.**
- e) **The supervision mechanisms of non-financial risk, ethics and business conduct.**
- f) **The channels for communication, participation and dialogue with the stakeholders.**
- g) **Practices of responsible communication avoiding manipulation of information and protect honour and integrity.**

Meets X      Partially meets ☐      Explain ☐

- 55. That the company reports, in a separate document or in the management report, on the matters concerning corporate social responsibility, using some of the internationally accepted methodologies for this purpose.**

Meets X      Partially meets ☐      Explain ☐

- 56. That the remuneration of the directors is the correct one to attract and retain the directors of the required profile and to remunerate the dedication, qualification and responsibility demanded by the job, but not so high as to compromise the independence of criterion of non-executive directors.**

Meets ☐      Explain X

Aena, SA, is a listed State limited company which, in accordance with the Report by the Attorney General dated 15 February 2016, is subject to the applicable regulations governing the public sector, which prevail over Private Law regulations, given the imperative and special character of the public regulations.

Specifically, in terms of remuneration, Aena SA is subject to the public remuneration policy, mainly set forth in Royal Decree-Law 3/2012 of 10 February on urgent measures relating to the remuneration for the heads and executives of the public sector, and its implementing legislation, in particular Royal Decree 451/2012 of 5 March and the Order from the Ministry of the Treasury and Public Administrations of 8 January 2013.

Therefore, the remuneration of directors is predetermined by the public legislation, which prevails over the legislation of capital companies, and therefore the Company cannot change such remuneration to adapt it to the requirements contained in this recommendation.

- 57. That executive directors should receive a variable remuneration linked to the results of the company and personal performance, as well as remuneration by way of shares, options or rights on shares or instruments linked to the value of the shares and long term savings systems such as pension plans, retirement schemes and other pension systems.**

**The delivery of shares may be considered as remuneration for non-executive directors when it is subject to these being held until termination as directors. This shall not be of application to the shares that the director may need to sell, as the case may be, to pay for the costs related with their purchase.**

Meets ☐ Partially meets ☐ Explain ☒

Aena, SA, is a listed State limited company which, in accordance with the Report by the Attorney General dated 15 February 2016, is subject to the applicable regulations governing the public sector, which prevail over Private Law regulations, given the imperative and special character of the public regulations.

Specifically, in terms of remuneration, Aena SA is subject to the public remuneration policy, mainly set forth in Royal Decree-Law 3/2012 of 10 February on urgent measures relating to the remuneration for the heads and executives of the public sector, and its implementing legislation, in particular Royal Decree 451/2012 of 5 March and the Order from the Ministry of the Treasury and Public Administrations of 8 January 2013.

The remuneration of executive directors, including the variable remuneration, is predetermined by the public legislation, which prevails over the legislation of capital companies, and therefore the Company cannot modify it.

- 58. That in the event of variable remunerations, the remuneration policies should include the limits and precise technical cautions to ensure that such remuneration is in line with the professional performance of its beneficiaries and do not only arise from the general evolution of the markets or the company's sector or any other similar circumstances.**

**And, in particular, that the variable components of the remuneration:**

- a) Are linked to performance criteria that have been pre-established and measurable and that these criteria consider the risk assumed for the obtaining of a result.**

- b) **Promote the sustainability of the company and include non-financial criteria that are suitable for the creation of value in the long term, like compliance with the rules and internal procedures of the company and its risk management and control policies.**
- c) **Are configured on the basis of a balance between the fulfilment of goals in the short, medium and long term that enable remuneration of continued performance over a sufficiently long time to observe the contribution to the sustainable creation of value, so that the measurement elements of this performance do not only depend on specific, occasional or extraordinary events.**

Meets ☐ Partially meets ☐ Explain ☒ Not applicable ☐

Aena, SA, is a listed State limited company which, in accordance with the Report by the Attorney General dated 15 February 2016, is subject to the applicable regulations governing the public sector, which prevail over Private Law regulations, given the imperative and special character of the public regulations.

Specifically, in terms of remuneration, Aena SA is subject to the public remuneration policy, mainly set forth in Royal Decree-Law 3/2012 of 10 February on urgent measures relating to the remuneration for the heads and executives of the public sector, and its implementing legislation, in particular Royal Decree 451/2012 of 5 March and the Order from the Ministry of the Treasury and Public Administrations of 8 January 2013.

Therefore, the remuneration of directors, which does not include variable remuneration for executive directors, is predetermined by the public legislation, which prevails over the legislation of capital companies, and therefore the Company cannot change such remuneration to adapt it to the requirements contained in this recommendation.

- 59. That the payment of a relevant part of the variable components of the remuneration is deferred for a minimum period of time that is sufficient to verify that performance conditions previously established have been met.**

Meets ☐ Partially meets ☐ Explain ☒ Not applicable ☐

Aena, SA, is a listed State limited company which, in accordance with the Report by the Attorney General dated 15 February 2016, is subject to the applicable regulations governing the public sector, which prevail over Private Law regulations, given the imperative and special character of the public regulations.

Specifically, in terms of remuneration, Aena SA is subject to the public remuneration policy, mainly set forth in Royal Decree-Law 3/2012 of 10 February on urgent measures relating to the remuneration for the heads and executives of the public sector, and its implementing legislation, in particular Royal Decree 451/2012 of 5 March and the Order from the Ministry of the Treasury and Public Administrations of 8 January 2013.

Therefore, the remuneration of directors only includes variable remuneration for the executive director and is predetermined by the public legislation, which prevails over the legislation of capital companies, and therefore the Company cannot change the payment conditions of this remuneration to adapt it to the requirements contained in this recommendation.

- 60. That the remuneration related to company results takes into account any potential qualifications included in the audit report of the external auditor and that might reduce these results.**

Meets ☐ Partially meets ☐ Explain ☒ Not applicable ☐

Aena, SA, is a listed State limited company which, in accordance with the Report by the Attorney General dated 15 February 2016, is subject to the applicable regulations governing the public sector, which prevail over Private Law regulations, given the imperative and special character of the public regulations.

Specifically, in terms of remuneration, Aena SA is subject to the public remuneration policy, mainly set forth in Royal Decree-Law 3/2012 of 10 February on urgent measures relating to the remuneration for the heads and executives of the public sector, and its implementing legislation, in particular Royal Decree 451/2012 of 5 March and the Order from the Ministry of the Treasury and Public Administrations of 8 January 2013.

Therefore, the remuneration of directors is predetermined by public legislation, which prevails over capital companies legislation, and therefore the Company does not have the power to take into account the potential qualifications which might be contained in the external auditor's report in regard to the remuneration linked to results of the company when such qualifications reduce the results.

- 61. That a relevant percentage of the variable remuneration paid to executive directors is linked to the delivery of shares or financial instruments linked to their value.**

Meets ☐ Partially meets ☐ Explain ☒ Not applicable ☐

Aena, SA, is a listed State limited company which, in accordance with the Report by the Attorney General dated 15 February 2016, is subject to the applicable regulations governing the public sector, which prevail over Private Law regulations, given the imperative and special character of the public regulations.

Specifically, in terms of remuneration, Aena SA is subject to the public remuneration policy, mainly set forth in Royal Decree-Law 3/2012 of 10 February on urgent measures relating to the remuneration for the heads and executives of the public sector, and its implementing legislation, in particular Royal Decree 451/2012 of 5 March and the Order from the Ministry of the Treasury and Public Administrations of 8 January 2013.

Therefore, the remuneration of directors only includes variable remuneration for the executive director and is predetermined by the public legislation, which prevails over the legislation of capital companies, and therefore the Company has no power to adapt it to the requirements contained in this recommendation.

- 62. That once the shares or options or rights on shares have been attributed to the remuneration systems, the directors are not allowed to transfer the ownership of a number of shares equal to twice their annual fixed salary, nor can exercise the options or rights until a period of at least three years has lapsed since their allocation.**

**This shall not be of application to the shares that the director may need to sell, as the case may be, to pay for the costs related with their purchase.**

Meets ☐ Partially meets ☐ Explain X Not applicable ☐

Aena, SA, is a listed State limited company which, in accordance with the Report by the Attorney General dated 15 February 2016, is subject to the applicable regulations governing the public sector, which prevail over Private Law regulations, given the imperative and special character of the public regulations.

Specifically, in terms of remuneration, Aena SA is subject to the public remuneration policy, mainly set forth in Royal Decree-Law 3/2012 of 10 February on urgent measures relating to the remuneration for the heads and executives of the public sector, and its implementing legislation, in particular Royal Decree 451/2012 of 5 March and the Order from the Ministry of the Treasury and Public Administrations of 8 January 2013.

Therefore, the remuneration of directors, including the variable remuneration, is predetermined by the public legislation, which prevails over the legislation of capital companies, and therefore the Company has no power to adapt it to the requirements contained in this recommendation.

- 63. That the contractual agreements include a clause that allows the company to claim the reimbursement of variable components of the remuneration when the payment has not been in line with performance conditions or when they have been paid on the basis of data that has subsequently been proven to be inaccurate.**

## **H OTHER INFORMATION OF INTEREST**

1. If there is any relevant aspect in terms of corporate governance of the company or the group entities that has not been included in this report, but must be included in order to show more complete and reasoned information on the structure and practices of governance in the company or its group, please provide brief details.
2. Within this section, any other information, clarification or meaning related with the foregoing sections of the report may be included here provided they are relevant and not reiterative.

Specifically, indicate whether the company is subject to legislation other than that of Spain in matters of corporate governance and, as the case may be, include the information that you are obliged to supply and that is different to that required in this report.

“Meets” has been indicated in the recommendation 46 of section G of this report due to the following:

As is described in paragraph E of this Annual Corporate Governance Report, among the responsibilities of the Internal Audit Department of Aena is the coordination of the activities defined in the Risk Control and Management Policy; the supervision of the proper operation of the Risk Management System; the homogenisation and consolidation of the information regarding risk identification and assessment, and its pertaining monitoring areas, prepared by the corporate and operational areas.

In addition, within the framework of its independent assurance activity, Internal Audit carries out regular audits of certain risks, analysing the risk management strategy and making the recommendations for improvement deemed appropriate.

3. The company may also indicate whether it has voluntarily supported other codes of ethical principles or good practices, international, sectorial or other. As the case may be, the code in question and date of adhesion shall be identified. In particular, it shall mentioned whether it has adhered to the Code of Good Taxation Practices of 20 July 2010.

Aena has not yet adhered to the Code of Good Taxation Practices, although it is fully committed to fulfilling the best practices of corporate governance, transparency, cooperation in taxation matters and collaboration with the State Tax Agency in the detection of fraud.

This annual corporate governance report has been approved by the Board of Directors of the company in its meeting of 21 February 2017.

Indicate if there were directors who voted against or abstained in relation with approval of this Report.

Yes ☐

No ☒
