

Madrid, 25 February 2025.

Pursuant to Article 226 of Act 6/2023, of 17th March, on Securities Markets and Investment Services, Aena, S.M.E., S.A., (henceforth "**the Company** or **Aena**") reports the following:

INSIDE INFORMATION

Following the release of airlines' schedules for the 2025 summer season in Spain, Aena estimates that passenger volume growth in the Spanish airport network for 2025 will be +3.4% compared to the figures for 2024, reaching approximately 320 million passengers.

Important information

The traffic estimate referred to in this release is forward-looking and subject to assumptions, risks and uncertainties. The actual results may differ materially from those expressed or implied in the estimate.

This forward-looking statement is based on information available to Aena as of the date of this release. With the exception of legal or regulatory obligations, Aena does not undertake to update or revise forward-looking statements to reflect possible changes in the events, conditions or circumstances on which such statements are based. Factors and events that may affect the validity of forward-looking statements or have a material adverse effect on future operations or results cannot be reasonably included in detail.
