

Incentive to airline operating cargo aircraft

Condition

Additional operations using widebody cargo aircraft¹ **compared to the same period of the previous year** from 1 March, 2024, to 28 February, 2027.

Reimbursement of average landing fees

75% (first 12-month period)

50% (second 12-month period)

25% (third 12-month period)

Once the right to the incentive has been acquired (75% in the first period), if the airline maintains or exceeds the number of operations in the second and third consecutive periods, the average landing fee in each of these two periods will be subsidised with 50% (second period) and 25% (third period).

See example on page 2

Requesting incentive

The incentive must be requested before the end of each incentive period.

[Request incentive](#)

Period 1

March 2024 to February 2025

Period 2

March 2025 to February 2026

Period 3

March 2026 to February 2027

¹Aircraft with a maximum take-off weight of more than 191 tonnes are considered to be widebody aircraft. The type of service must be one of the following:

A - Additional regular cargo aircraft, F - Regular cargo aircraft, H - Charter cargo aircraft.

Note 1: New frequencies at JT Barcelona - El Prat airport during congested slots, which are from 06:00 to 15:59 hours (LT), from 18:30 to 19:59 hours (LT) and from 22:00 to 23:00 hours (LT), will not be taken into account when applying the incentive.

Note 2: This presentation is for information purposes only. The conditions of the commercial incentives are in accordance with the terms included in the legislation in force and available in the [Tariff Guide](#)

Incentive to airline operating cargo aircraft

To illustrate the application of the incentive, some examples are given below:

Operations run period 0 (01/03/2023 - 29/02/2024): 100

		Operations run	Operations applying incentive	% Incentive 01/03/2024 - 28/02/2025	% Incentive 01/03/2025 - 28/02/2026	% Incentive 01/03/2026 - 28/02/2027	% Incentive 01/03/2027 - 29/02/2028	% Incentive 01/03/2028 - 28/02/2029	
Periods incentive applied	Periods incentive requested	PERIOD 1 01/03/2024 - 28/02/2025	150	50	75%	50%	25%	-	-
		PERIOD 2 01/03/2025 - 28/02/2026	180	30	-	75%	50%	25%	-
		PERIOD 3 01/03/2026 - 28/02/2027	200	20	-	-	75%	-	-
	PERIOD 4 01/03/2027 - 29/02/2028	230	20	-	-	-	50%	-	
	PERIOD 5 01/03/2028 - 28/02/2029	210	20	-	-	-	-	25%	

To obtain the incentive in periods 4 and 5 the company must at least maintain the number of operations run in period 3. In periods 4 and 5, no incentive will be given for additional operations compared to the previous period.

Incentive to airline operating cargo aircraft

To illustrate the application of the incentive, some examples are given below:

Operations run period 0 (01/03/2023 - 29/02/2024): 100

		Operations run	Operations applying incentive	% Incentive 01/03/2024 - 28/02/2025	% Incentive 01/03/2025 - 28/02/2026	% Incentive 01/03/2026 - 28/02/2027	% Incentive 01/03/2027 - 29/02/2028	% Incentive 01/03/2028 - 28/02/2029	
Periods incentive applied	Periods incentive requested	PERIOD 1 01/03/2024 - 28/02/2025	120	20	75%	50%	0%	-	-
		PERIOD 2 01/03/2025 - 28/02/2026	130	10	-	75%	0%	0%	-
		PERIOD 3 01/03/2026 - 28/02/2027	110	0	-	-	0%	-	-
		PERIOD 4 01/03/2027 - 29/02/2028	120	0	-	-	-	0%	-
		PERIOD 5 01/03/2028 - 28/02/2029	125	0	-	-	-	-	0%

In this example, the number of operations decreases in period 3, therefore, the right to receive the incentive in periods 3, 4 and 5 is lost.
